

ADDITION FOR HOMES ANNOUNCED

Tract of 25.93 Acres, Purchased by
A. L. Stewart and Son, to be
Platted Into City Lots

PART OF ABERCROMBIE FARM

Purchasers Pay \$455 an Acre For
Memorial Park Addition, Which
Will be Improved at Once

WILL BE SOLD FOR HOMES

Uniform Building Code Will be In-
cluded in Annexation—to Extend
Streets and Build Sewer

Memorial park addition to the city of Rushville will soon be launched, according to A. L. Stewart, who announced today the purchase of 25.93 acres of land, lying between the new park addition and Main street, and north of Eleventh street, Mr. Stewart and his son, Simeon Stewart, purchased the land from Mrs. Ione Churchill, and which is more commonly known as the Abercrombie estate.

The deal in real estate was closed Tuesday, according to Mr. Stewart, and the transaction involves one of the highest prices paid for land in Rush county in recent years. The 25.93 acre tract was purchased for about \$455 an acre.

The land is now an irregular shape of real estate, being bounded on the west and northwest by the Abercrombie woods, which has since become the new addition to the park, and on the east comes down Main street, jogs around to Morgan, and then back over to Eleventh and Harrison streets.

The city owns a block at the northwest corner of Eleventh and Harrison, for a future school site. Mr. Stewart announced today that he is drawing plans and specifications for the platting of the new territory, and that the streets will conform with the present city streets, making no jogs in the new addition.

These streets to be extended will be Harrison and Morgan to the Hodges Branch. The city this summer will build Memorial Park boulevard along the branch, coming out in north Main street, near Sixteenth.

The side streets to be extended in the new addition will be Twelfth, Thirteenth, Fourteenth and Fifteenth. Mr. Stewart expects that 100 building lots will be available in the new addition. After he and his son have

ANOTHER FINED IN CIGARETTE CRUSADE

Phillip Miller Pleads Guilty to Charge
and 14 Other Affidavits Are Pending It Is Said

SEVERAL CIVIL SUITS FILED

Several suits on accounts have been filed in Justice Steel's court, and one more arrest has been made served in connection with the cigarette crusade.

Philip Miller of this city appeared and pleaded guilty to the charge, and was fined \$10 and costs, amounting in all to \$17.75 which was paid. It is understood that 14 similar affidavits are on file.

William Dugan is plaintiff in a suit filed against John Colvin, the suit being for possession of a house and for \$50 damages. The case will be heard March 10 at ten o'clock.

The Castle theatre company has been sued on two cases, each on accounts. In one case Matlock and Green are plaintiffs with the demand for \$75 and in the other case Walter English demands \$30. The cases are set for March 8, at 9 and 10 o'clock respectively.

Charles H. Harton is plaintiff against William H. Hardwick, in which \$60 is demanded on account. This case has been set for March 7 at one o'clock. The case of John C. Groub and Company against Henry McMahon was postponed from this afternoon to Thursday morning at ten o'clock.

MANY WITNESSES APPEAR

Grand Jury Hears Evidence of Rushville People Today

The grand jury was in session today in the court house, and many witnesses were summoned before the investigators for the most part of people living in Rushville.

Many high school students were among the witnesses. The nature of the investigation was not disclosed, and no report was expected today.

The grand jury met two weeks ago and investigated the murder of Luther C. Sharp, in which an indictment was returned against Cecil Cloud. At the former session an indictment was returned against Capp Miller, charging unlawful manufacture of liquor, and each defendant is awaiting trial in court now.

NEW SCANDAL IS HINTED IN ACTION

By Direction of President, Indictment of Two or More Members of Congress Will be Sought

IN LEAGUE WITH BOOTLEGGERS

Daugherty Investigation Will Open With Inquiry Into Failure to Prosecute 55 Cases

(By United Press)

Washington, March 5—By direction of President Coolidge indictment of two or more members of congress will be sought immediately by the Department of Justice. Evidence against them may be presented this week before the federal grand jury here.

Attorney General Daugherty is understood to have given evidence against them to the Chicago grand jury which indicted Charles R. Forbes, former head of the Veterans' Bureau.

The congressmen are not involved in the Veterans' Bureau corollary scandal.

According to reliable information, they were in a league with a bootlegging syndicate which with the financial backing of a prominent politician, was operating on a big scale.

By WILLIAM J. LOSH
(U. P. Staff Correspondent)

Washington, Mar. 5—The Daugherty investigation will open with an inquiry into the department of justice's failure to prosecute fifty-five cases turned over to it by the federal trade commission, it appeared probable here today.

Difficulty encountered by Senator Wheeler, Montana, prosecutor of the investigation, in whipping other "leads" into shape for presentation to the committee when it opens hearings next week is responsible.

Wheeler has not yet picked the law clerk who will aid him in sifting the material in the committee's hands and his huge quantity precludes his making any progress tackling it alone.

The committee is able to proceed at once to the consideration of the federal trade cases because the department recently submitted a report on its conduct of them in response to a senate resolution.

The committee is conferring with persons believed to have information concerning the department's activities in its search for evidence.

Yesterday some of the members

DOES NOT NEED THE MONEY

Highway Commission Will Not Ask For Payment Until October

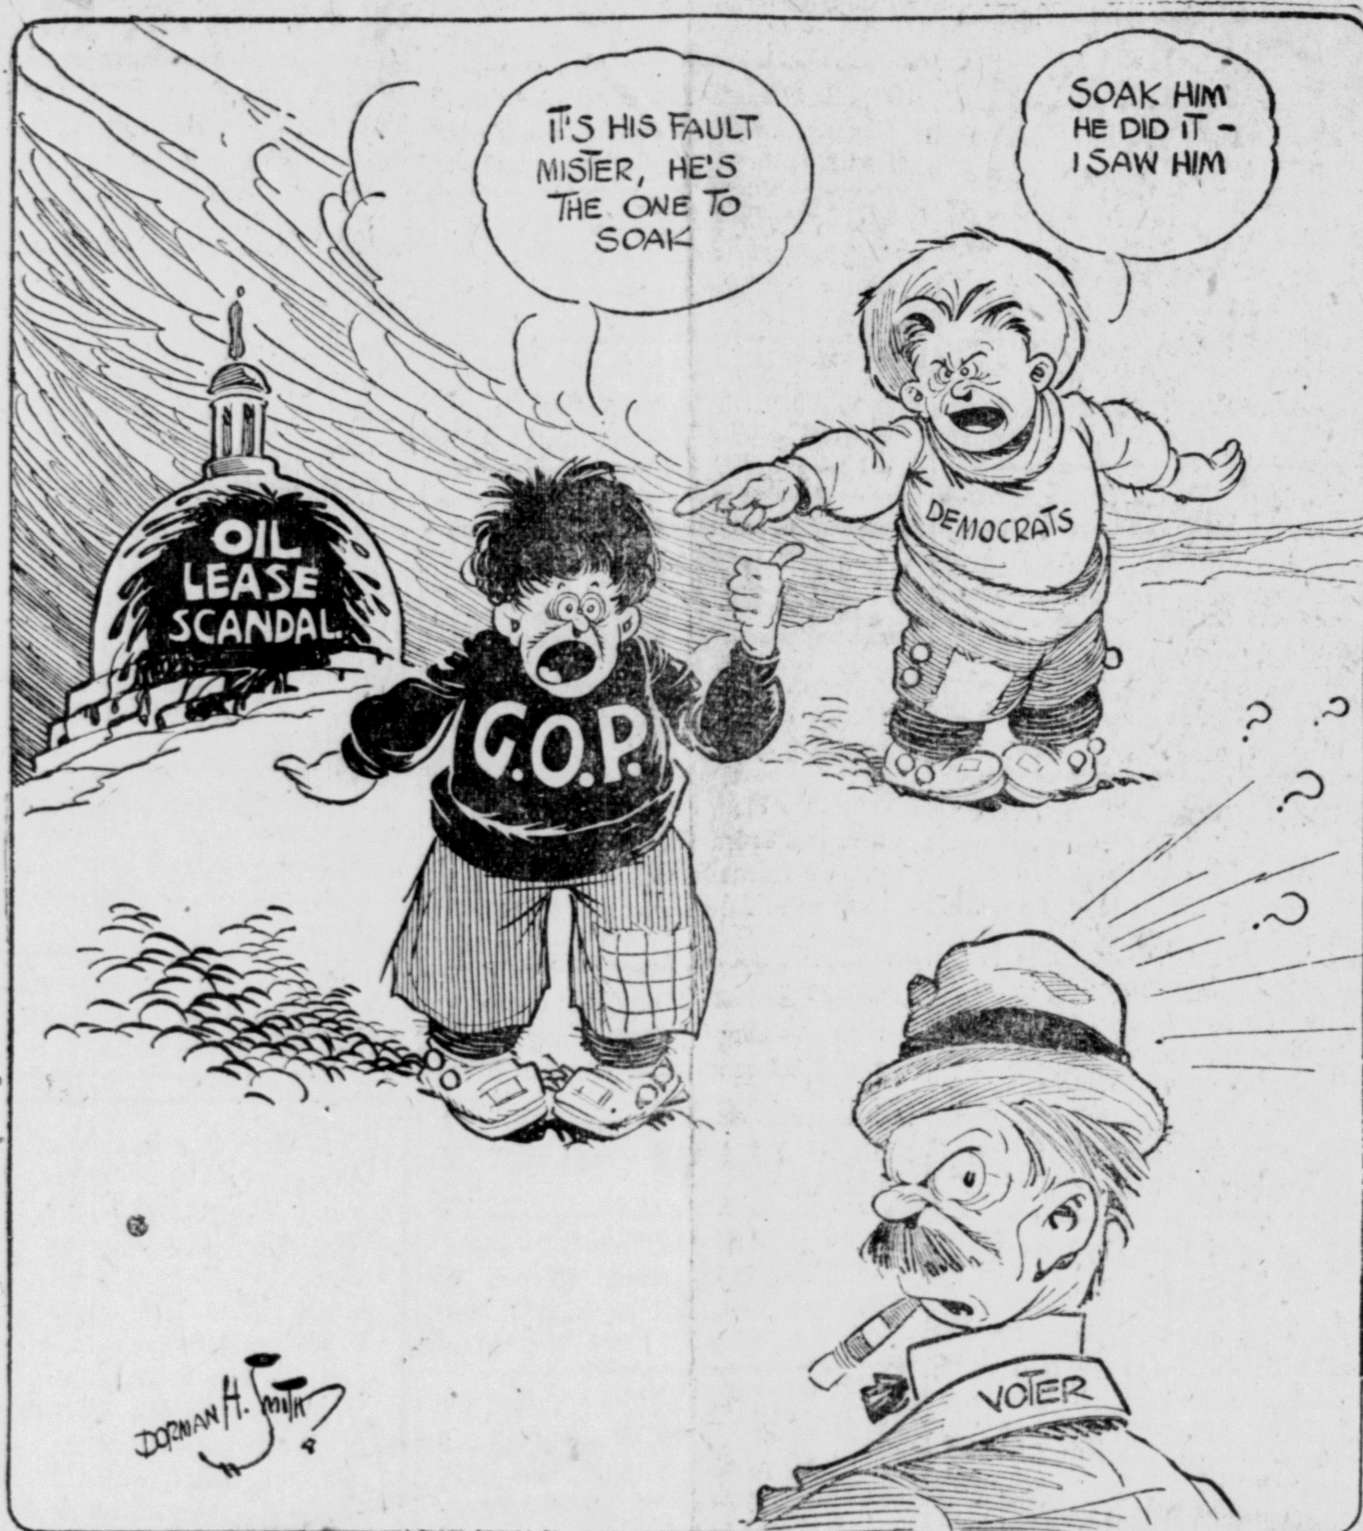

(By United Press)

Indianapolis, Ind., March 5—The state highway commission will not ask the finance board to pay the road fund \$650,000 of inheritance tax collections until late in October. Earl Crawford, a member of the commission, declared today.

Payment will not be asked until October because the general fund is already \$3,750,000 in debt and highway department will not need the money until most contractors have finished their work.

The money is due the highway department under the supreme court decision declaring the automobile license tax invalid.

THE SITUATION BEGINS TO CLARIFY

Outside of This, There's Not Much The Matter With Rushville's Fire Protection

Underwriters' Representative Reels Off Improvements Required Before Reduction in Insurance Would Even Be "Considered" and Councilmen Get Dizzy. Changes Would Cost Close to \$100,000 And An "Inspection" Would Be Another \$12,000.

A representative of the Insurance Underwriters, who were asked to submit recommendations that would change the classification of rates for the city of Rushville, was here Tuesday night before the council, and pointed out the improvements that would be necessary to bring about reduced fire insurance rates.

Councilmen, however, after hearing the report, decided that the best thing to do was to buy equipment that would suit the needs in fighting fires, and to put out the fires, rather than go to the big expense of compiling with recommendations as outlined by the insurance department, which then did not make any rigid promise of a rate reduction.

The council, acting on their own initiative, will receive bids April 1 on two pieces of fire apparatus, one of which will be purchased. One bid calls for a triple combination motor pumper, chemical and hose wagon, similar to the pumper now in use. The other bid calls for a combination pumper, hook and ladder service truck.

By advertising for bids on two different pieces of apparatus, the council can then make their selection from a vast number of machines. The capacity of the pump in each case is to be from 600 to 750 gallons a minute.

The machines are to be equipped with either chemicals or a booster pump, and the bids will be open to all competitive concerns. The question that the council will decide is whether to buy an outfit like the one in use now, or to buy one with extra ladder equipment, as well as having a hose bed and pumper.

In outlining the rates for Rushville, which is in class 4, and which if reduced rates are desired would be in class 3, the representative of the insurance companies pointed out what would be necessary to bring about the lower rates.

Following his recommendations would mean practically the rebuilding of the city water and light plant, and other costs would reach \$75,000 to

bring about a reduction that would scarcely be noticed.

He recommended the following improvements and changes:

Additional fire equipment. There should be two pumper companies and a ladder company. More men are needed on the regular duty. The water supply is inadequate. The present reservoir holds less than a half million gallons of water. It should be increased to three millions, and a reserve supply of two millions held in readiness.

One more pump should be installed at the water and light plant. Another pump now in use should be completely rebuilt. Daily inspection of various valves, connections and other

NEW SOLDIER BONUS BILL TO BE OFFERED

Democratic Measure Provides For Cash Payments With Paid-Up Insurance as an Option

REPUBLICANS TO FIGHT IT

(By United Press)

Washington, March 5—A new soldier bonus bill providing for cash payments and paid-up insurance was to be presented to the house ways and means committee today.

It was ready for submission by Representative Jeffers, Alabama, an ex-service man and chairman of the special committee appointed by house democrats to formulate a party measure.

It has virtually the solid support of the democrats.

It is understood to provide for full cash payments with paid-up insurance as an option.

Republicans on the committee, including Chairman Green, who have supported the McKensie bill providing for the four-fold plan, will vigorously oppose the democratic plan.

CITY NOT TO GIVE UP BRANCH FIGHT

Cause For Loss in Circuit Court Removed When Council Complies With 1923 Law

O. C. BRANN RESIGNS PLACE

Councilman's Resignation Effective April 1—Memorial Park Plans Are Completed

The city will make another attempt in circuit court for the improvement of Hodges Branch, it was decided Tuesday night, when the regular session of the council was held, and considerable business taken up. The city will begin all over again in the project, and will attempt to put it through as planned, and previously attempted.

Councilman Oliver C. Brann, republican, tendered his resignation as a member of the board, before the session adjourned last night, and his resignation, to become effective April 1, was accepted.

City engineer A. L. Stewart reported that the plans and specifications for the improvement of Memorial park, and the boulevard were ready to be submitted and the plans were looked over but action deferred until the next meeting; at which time steps will be taken to begin the expansion work in the new park addition.

A petition of Russell Kirkpatrick and others asking for the extension of the sewer system on South Morgan street was read and approved, and the work will be done by the property owners affected by the improvement.

The Hyman Schatz Sons, junk dealers, complained about outside dealers working in Rushville, without paying a license fee, and to police were notified to watch for any junk dealers that were operating without a license.

A. T. Mahin, superintendent of the city water and light plant reported that a new well would be needed this summer, because of the more added consumption of water, and he recommended a twelve inch well north of the city. The plan was approved, and bids for the drilling of the well will be received April 1.

He also reported that the Rush-

TAKEN TO INDIANAPOLIS

Colored Men Arrested Here Accused of Stealing an Automobile

Jess James and Dave West, the two colored men who were arrested Sunday on the road south of Rushville, suspected of stealing an automobile in which they were riding, were taken to Indianapolis late Tuesday by a detective sent here for them, and they will face a charge in Marion county of vehicle taking.

The two colored men are charged with taking the Chevrolet sedan from a garage in Indianapolis Saturday night. The machine belonged to a man by the name of Rickard, and was not missed until Sunday afternoon.

ON THE TRAIL OF "THE PRINCIPAL"

Senate Oil Investigators Expect To Identify Mysterious Person Mentioned in Telegrams

TELEGRAMS ARE EXAMINED

Further Mention Made of William J. Burns, Chief of Justice Department's Inquiry Bureau

(By United Press)

Washington, March 5—Some three hundred additional telegrams, read by the senate oil investigating committee today, opened a trail that may lead to identification of "the principal" mysterious person mentioned in an exchange of telegrams between Edward B. McLean in Palm Beach and agents here.

Two committee members now say they have no doubt as to the persons identity and believe open developments in this connection will follow shortly.

Of the three hundred telegrams which passed between leading figures in the oil scandal and which the committee examined today, about 75 were selected as extremely pertinent to the inquiry, it was said after the session.

Telegrams studied today makes further mention of William J. Burns, chief of the bureau of investigation in the justice department, and show that Edward B. McLean knew further details of the Florida visit of C. Bascom Slemph, secretary to President Coolidge.

The messages were submitted by the local Western Union office. They were examined by the committee in executive session to determine which were pertinent to the present investigation.

Those which are found irrelevant will be made public later.

Senator Ladd, North Dakota, presided over the session in the absence of Chairman Lenroot whom left last night for a week's vacation at Southern Pines, N. C.

Thomas P. Dowd, superintendent of the Washington Postal, gave the committee about thirty additional telegrams just before the executive session. They were submitted in answer to a subpoena which called for messages to or from any of the principals in the investigation, including former Secretary of Interior Fall, Harry F. Sinclair, E. L. Doherty, E. B. McLean or any of his many agents of J. W. Zevely.

In addition to the Postal and Western Union messages handled through the Washington office, Dowd and H. F. Taft, manager of the local Western Union office submitted sealed-

WRECKERS GO TO WORK TODAY

Begin Cleaning up Debris at Odd Fellow Building

Wreckers began work today on the ruins of the Odd Fellow building, preparatory to tearing down the walls and making way for the erection of a new building to replace the one that was gutted by fire on Friday, January 25.

The Rush County National Bank, which purchased the damaged building and site, let the contract last week to Pachoud Brothers of Cincinnati, for the wrecking of the fire ruins.

The wreckers started this morning by cleaning the debris out of the interior of the building.

SHOWS DEVOTION TO BIBLE READING

Dr. H. H. Halley Re-emphasizes Importance and Satisfaction to be Gained From Doing So

READS MORE OF EPISTLES

Presents Some of Historical Background to Paul's Writings to the Early Churches

His devotion to the cause of persuading people to read the Bible, which was written to be read, was re-emphasized Tuesday night by Dr. H. H. Halley in a short preface to his reading of the First and Second Epistles to the Thessalonians, the Second Epistle to Timothy, which was Paul's last work, and the First Epistle to the Corinthians.

"We can get a wonderful amount of satisfaction out of reading the Bible," he said. "It was written to tell Christ's message. I am not going around to show that I know something about the Bible, but to encourage its reading."

Dr. Halley made these brief remarks in explaining his reason for recommending the American revision of the Bible in preference to the King James version. He asserted that it was written after thirty years of labor by thirty American scholars and that it was more easily read than other editions.

The American revision, he continued, was prepared to meet the changes in language after three hundred years. It is paraphrased differently so that sentences are not divided into paragraphs. Dr. Halley exhibited three different copies of the American revised edition, one of which he recommended for young people, one for middle-aged people and the third for old people. All have large print for ease in reading, Dr. Halley said.

The last meeting was held at the First United Presbyterian church Tuesday night and the remaining three of the series will be held at St. Paul's Methodist Episcopal church. Dr. Halley will continue the reading of the Epistles tonight and Thursday night, and on Friday night he will read from Revelations.

Before beginning his readings last night, Dr. Halley asked the audience to remember that the New Testament was written between the years 53 and 68, with the exception of the writings of John.

"The minds of the apostles were not fully illuminated on the day of Pentecost," he pointed out. "It was not revealed to them until problems arose and then God led them to one mind. The church was in existence 50 years before the New Testament was written. After telling what Jesus said and did, the official description of Christianity is given in the Epistles letters. If Christianity had been given to us by men, it would have been in encyclopedic form."

Dr. Halley explained that the church at Thessalonica was founded on Paul's second journey there. It is

TWO RUSH COUNTY FARMS SELL WELL

Clifford Tract Near Rushville Brings \$800 An Acre And One in Washington Sells For \$150

OTHER PRICES STIFFENING

Two other farm sales at good prices, in addition to the sale of a part of the Theodore Abercrombie farm, adjoining Rushville, were revealed in the recorder's and auditor's office today.

Harry Clifford has sold his farm tract of ten acres, on the Eleventh street cement road, to Charles H. Hollansbee for \$8,000, an average of \$800 an acre. The farm is well improved. Mr. and Mrs. Clifford have moved to Morgantown for permanent residence.

The Mary Loughlin farm in Washington township, consisting of sixty-two acres, has been sold for \$9,300 an average of \$150 an acre.

The high prices which livestock and hay and grain have been bringing at farm auctions, combined with the tendency of farm land values to rise, have served to make farmers more optimistic.

INCOME TAX

RHEUMATISM GONE TOO SAYS RUDOLF SCHORI

Feared He Would Be Crippled For Life Was Forced to Quit Work For 15 Months—Tanlac Brought Relief.

"I don't know anything better," I could say for Tanlac than that I am still enjoying the good health, it brought me six years ago," recently stated Rudolf Schori, 221 East Main St., Fort Wayne, Ind.

"While running a meat market in Worthington, Iowa, I got a case of rheumatism which I feared would cripple me for life. My arms were so stiff and painful I could hardly put my clothes on in the morning. Shattered nerves, biliousness, headaches

and indigestion combined with the rheumatism got me down to where I had to lay off from the market fifteen months.

"Well, it was at this time that I began taking Tanlac. Six bottles of the medicine put me in such fine shape that my customers were amazed and I often had to explain what had rebuilt my health and strength. Tanlac certainly made life worth living for me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

—Rufus Kuster of Cambridge City, Ind., transacted business in this city today.

—Clarence Gray is visiting friends in Indianapolis and attending the automobile show.

—George Gray and W. S. Waddell spent Tuesday in Cincinnati, Ohio, on business.

—Mr. and Mrs. Percy Stamm have returned to their home in this city after a few days visit with relatives in Indianapolis.

—Mrs. W. H. Powell of Anderson, who has been visiting at the home of Mr. and Mrs. Charles Boyse, returned to her home Tuesday evening.

—Mr. and Mrs. W. S. Waddell, who have been spending the winter in Miami, Florida, have returned home and are spending a few days with Mr. and Mrs. George Gray.

—Mrs. Albert Bristor and nephew, Wooden Wieland, of Indianapolis, have returned home after spending a few days in this city with Mrs. Bristor's parents, Dr. and Mrs. E. I. Wooden.

SHOWS DEVOTION TO BIBLE READING

Continued from Page One

the modern Salonicia in southern Greece, which was an allied base during the late war.

"The main subject of Second Corinthians is the Lord's second coming," he continued. "It is also written to encourage the young church to bear up under its troubles. It is one of the most beautiful passages in the New Testament and shows the apostle's tender solicitude for his first converts, that they hold fast to the faith."

As a preface to his reading of the Second Epistle to Timothy, Dr. Halley recalled some of the historical background. He pointed out that the Book of Acts closed with Paul in Prison. He was released and returned to visit the churches in Greece and Asia Minor. During the next year—in 64, the speaker said, Nero burned Rome. The people knew he was responsible, and to divert suspicion, he accused the Christians.

"For the first time the Christians were persecuted in Rome," Dr. Halley stated. "They had been persecuted by the Jews previously. A short time after Nero burned Rome, Paul was arrested on a charge of evil-doing, which caused the churches in Asia Minor to fall away from him. He was torn from his friend Timothy and dragged back to Rome and tried. And when the end seemed near, he wrote the Epistle to Timothy. It was his triumph of faith and it is one of the finest passages in the Bible. 'I am not ashamed, for I know whom I have believed,' said Paul. 'I have fought a good fight, I have finished my course, I have kept the faith.'"

In explanation of his reading of First Corinthians, Dr. Halley said the church at Corinth was founded on Paul's second journey there and that the time of the writing of the Epistle, the Christians were in dispute over many things of secondary importance.

"Straining gnats and swallowing camels," he added. "While the New Testament was being written, God permitted special miracles to keep them in the faith."

"We think it is modern to deny the cardinal things in Christianity but in the days of the Corinth church people were denying the resurrection."

Paul wrote to them, he explained, exhorting them not to lose sight of their religion in their petty quarrels.

MOVIES

Pola Negri at Princess

Dancing in a stationary skirt; In a court scene which was filmed for Pola Negri's new star picture, "The Spanish Dancer," produced for Paramount by Herbert Brenon, twenty girls perform a ballet without a single movement of the skirt being visible. The entire ballet was done with motions from the waist up. Their feet remained motionless.

The girls appear in costumes of black velvet. The skirts are spread outward from the hips with the enormous panniers popular in the early part of the seventeenth century. Across the front of the velvet skirt run two broad bands of silver. These bands are waved and as the girls stand hip to hip with swaying shoulders, the silver bands appear to flow like running water. The ballet dance is part of elaborately costumed court scenes, which take place in the throne room in the royal palace in Madrid.

"The Spanish Dancer," which comes to the Princess theatre today and Thursday is one of the most dramatic stories ever filmed. It is the first costume-picture in which Pola Negri has starred since she came to America. Featured opposite Pola Negri is Antonio Moreno, with Wallace Beery, Kathlyn Williams, Gareth Hughes, Adolphe Menjou and Robert Agnew heading a strong cast.

"Down To The Sea in Ships"

The hue and cry for novelty on the screen is more than satisfied by Elmer Clifton's interesting whaling film, "Down to the Sea in Ships," which opened at the Castle theatre today for a three day engagement according to the Indianapolis Star, the picture having recently closed a week's engagement at the Circle. He has successfully broken away from the usual formula employed in the manufacture of photoplays and has managed to produce a picture entirely free from the cloying influence of flappers, society balls and jazz. What he has done is to make a stirring picture of the old whaling days in New England.

Clifton found able assistants in the entire community of New Bedford, Mass. They were eager to carry the story to the corners of the earth and they co-operated splendidly with Clifton in telling this tale of Quakers and Whalers. He assembled his cast from among the villagers and then he himself went down to the sea for some vivid scenes. His sea was not a painted sea, nor was his ship a paper mache creation. His whales, too, were the real things. It is doubtful, in fact, if any the "bigger and better" pictures of the day are so free from sham as Clifton's simple story of a man who went down to the sea in ships and thus fulfilled the condition set down by his fiancée's father.

MAYS

The funeral of Mrs. James Rhodes was held at the Center Christian church Saturday morning. The Rev. L. E. Brown of Rushville had charge of the services and burial was in the Center cemetery.

Col. S. V. Ham of Chicago is spending a few days with Mr. and Mrs. Virgil Whitsel and Mr. and Mrs. Orville Plummer.

Miss Elvena Goode spent Sunday with John Goode and family at Arlington.

Mrs. C. S. Harter and daughter Gertrude visited in Indianapolis Saturday.

Mr. and Mrs. William Rhodes very quietly celebrated their fifty-seventh wedding anniversary, March 1.

Mr. and Mrs. Bert Cohee entertained the pitch-in club Sunday at their home near Mays. The guests were Horace Glidden and family, Dora Dill and family, Mr. and Mrs. Charles Gosnell, Raymond Bowles and family, John McBride and family, Berry Rush and family, Mrs. Augusta Brown, and the Misses Edna Swart and Nellie Kirkham.

Mr. and Mrs. Wilbur Gray spent Sunday evening with Mr. and Mrs. Jesse Gray.

Miss Stella Rhodes is spending a few days at Knightstown with Mr. and Mrs. Roy Souders.

Mr. and Mrs. John Gilson had for their dinner guests Sunday, Mr. and Mrs. Rufus Rhodes, Mr. and Mrs. Charles McBride, Mrs. Elizabeth Oldham and Gilbert Divilbliss.

Mr. and Mrs. Glen Kirkham entertained the Center Social club and their families Friday night. A pitch-in supper was served.

Mr. and Mrs. Guy McBride spent Sunday with Mr. and Mrs. J. K. Stiers, near Rushville.

Wilbur and Clarence Hall of Rushville spent Sunday with their parents, Mr. and Mrs. Frank Hall.

WEDNESDAY, MARCH 5, 1924

Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. —Philippians 2: 5, 3.

Land Values Rising

Recent sales of land indicate that there are some people left who appreciate the value of Rush county land and who are not going to let it go "for a song". Sentiment is rapidly changing and farmers are beginning to see better times ahead.

With corn selling at close to ninety cents a bushel at farm auctions, cows bringing as high as \$125, horses as much as \$175 and even more, sheep selling for \$14 a head, hogs at \$8 a hundred and half-selling at \$25 a ton, farmers are awakening to the fact that they have been following false gods and that the pessimists have been in the saddle long enough.

The sale of a farm in Washington township for \$150 an acre, the sale of land adjoining Rushville for \$355 an acre and of a farm of ten acres near Rushville for \$800 an acre are only a few of the things that are stiffening land values and bringing wavering farmers around to a place where they are beginning to take a brighter view of the future.

A portion of the old Theodore Abercrombie farm, amounting to 25 and a fraction acres, lying between Main street and Hodges Branch, has been purchased by A. L. Stewart for \$455 an acre. The Abercrombie farm was sold at auction last fall for \$225 an acre and a little later the city paid \$300 an acre for part of it as a park site. The 100 percent increase in the sale price since last fall clearly reveals the rapid trend of rising values in the county at the present time.

Harry Clifford has sold a tract of ten acres near the city for \$8,000, the purchaser being Charles H. Hollansbee, who lived on the old Gartin farm, formerly the Walker Stock

farm. This farm is appraised for taxation at \$4,700. The Mark Laughlin farm of 62 acres in Washington township has been disposed of within the last few days for \$150 an acre.

The evidence is accumulating that the attitude is changing and that farmers are going to think twice before they sell their land for twenty-five to fifty percent less than what it is really worth.

Lately a man who has bought two farms in Rush County within the past few months, visited in Illinois and found that land not the equal of Rush county land was selling for \$250 an acre. He promptly came here and left an order with a local real estate dealer to buy another farm for him. He was able to appreciate the cheapness of Rush county land after having compared local values with those elsewhere.

The trend is upwards and it is up to every loyal resident of Rush county to see that it continues that way.

Discretion in Government

A college professor of political science and history says that the Teapot Dome Scandal is the product of a "Discretionary form of government."

He reasons that the demands have been so great on our federal administrative officers that important functions of the government have been delegated to appointive heads of departments and more or less detached commissions authorized by law—creating a form of discretionary government.

Whatever may be blamed for the present scandal, it is deplorable and a remedy for the cause underlying it will have to be found.

We have before us every day in the dispatches from Washington ample evidence that discretion is a lost art in Washington. At least among those who have been involved in the oil scandal revelations.

If this is the natural consequence of "discretionary government", it is time that methods be changed at Washington.

It is true that in the earlier history of the republic, the important functions of government were much more constantly under the guidance of the president and congress. The pressure of government business rapidly became so great, with the development of the country, that it is now impossible for the chief executive to give the same careful attention to the details of his administration.

Apparently the government has lagged in its duty. It has not created machinery necessary to check up on the acts of this vast number of bureaus and commissions to which have been delegated authority formerly vested in elected officials.

The time is probably not far away when our governmental machinery will be drastically overhauled and reorganized. The sad part about it is that we seem to have waited too long.

ARE IMPROVING

Mr. and Mrs. Blaine Reeve who have been ill with the influenza at their home southeast of the city, are improving.

The Plum Creek Ladies Aid Society will hold a market at Wiltse 5 and 10c store Saturday morning, March 8th from 8:30 till 11:30.

The Hodge - Podge

By a Paragrapher with a Soul

France doesn't want to be reminded of her indebtedness. Dodging debtors doubtless don't.

Men who want to live long in the memory of their friends ought to give something of their substance to their home community before they die and make certain that the community gets the benefit of it.

The mayor of Chicago says he doesn't know how much a chorus girl ought to wear, but we are all convinced, after going to the theatre, that she doesn't wear enough.

Not having much in the way of investigations just now, the senate is proposing to investigate the origin of the war.

The senate oil naval lease investigation committee is making Benedict Arnold look like a piker.

We never quite understood what telegraphic codes were for, but we are now convinced that they are something you can loan to your friends.

People who are all wrapped up in themselves generally make a very small package.

We are mighty glad we stuck to the newspaper business when everyone else was going in for oil.

ORANGE

The Alquina high school will come to Orange with their play "And Home Came Ted," Thursday evening of this week. The local Junior Hi will serve a penny supper at six o'clock.

Mr. and Mrs. Lawrence Cory motored to Colfax Friday and spent the week-end with relatives.

Miss Margaret Hite was the guest of her parents, Mr. and Mrs. M. B. Hite at Clarksburg over the week-end.

F. L. Coltrane, Mrs. Nellie Davis and daughter Mildred attended the basketball tourney in Rushville Saturday.

Miss Ruth Medd spent Saturday and Sunday with Miss Katherine Newby in Rush county.

Mr. and Mrs. Ozro Stevens, assisted by their son Lovell, entertained several relatives at dinner Sunday. Their guests were Mr. and Mrs. John Mapes, Mrs. Florence Bean and Miss Tressie Bean of Glenwood, Mr. and Mrs. Jasper Coon and Miss Freda Coon.

Mr. and Mrs. Carey Clifford and family were dinner guests of Mr. and Mrs. Emmerick Clifford Sunday.

The next meeting of the Farm Bureau and picture show is scheduled for Friday evening, March 14.

At the close of an inspiring sermon by Dr. J. M. Walker Sunday afternoon at the Methodist church, a short session of the quarterly conference was held. During the church service, Miss Nellie Henry sang a solo, with Miss Frances Medd as pianist.

C. W. Beaver has purchased a new tractor.

Mrs. John Stone, who has been ill during the winter, is much improved.

Mr. and Mrs. Silas Bowen moved here from the country last week.

Mr. and Mrs. Gus Bowen were guests of Mr. and Mrs. A. B. George and son Herbert for dinner, Sunday.

Morris Young, who had his tonsils removed at Dr. Green's hospital in Rushville last Thursday, is recovering satisfactorily. Mr. Young has been suffering with articular rheumatism.

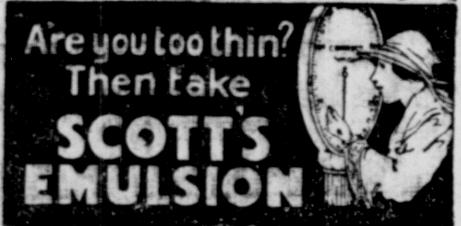

Irvin Long underwent an operation at the Sexton hospital in Rushville Monday morning, having the thumb on his left hand amputated. Mr. Long suffered with a felon on his thumb more than a year ago, which never yielded to treatment and developed into what Dr. Sexton pronounced a nerve tumor.

Jesse McCauley has rented the tenant farm of Will Jones in Noble township and is moving his family there this week.

The Rev. and Mrs. W. H. Law and children were entertained by friends at Fairview Sunday.

Mr. and Mrs. Edward May of Blooming Grove spent Sunday with Mr. and Mrs. A. R. May and family.

Mrs. Kaler of near Andersonville has rented the Henry property and will move into Orange soon.

**FIFTEEN YEARS**

AGO TODAY

From The Daily Republican Friday, March 5, 1909
Milroy has caught the spirit of doing things and doing them right. Along with a new Methodist church they propose to build this spring, they will provide a gymnasium and reading room for the young and older men of that community.

Simultaneously with the reduction of the price of eggs comes the reduction of the price of milk. The milkmen of the city have agreed to sell it at seven cents per quart. This is done on account of the abundance of milk at this season of the year.

The Shelbyville bowling team won two out of three games from the Rushville five last night on the Shelbyville alleys by close scores.

Dr. William Boyard, president of Moores Hill college, will address the Men's Big Meeting at the First Presbyterian church Sunday afternoon at 2:30 o'clock on the subject, "The Dome of Failure".

The following are ruling prices in Rushville market, March 5, 1909: wheat \$1.18; corn 60; oats 45; clover seed \$4.50; chickens 9 cents, hens 11 cents; eggs per dozen 16 cents; but-ter, country, per pound, 20 cents; cattle \$3.50 to \$6.75; hogs, \$4.00 to \$6.90.

A marriage license was issued yesterday evening to Miss Martha Morgan and Charley C. Brown.

Miss Clorine Rogers of Cincinnati came yesterday evening for a visit with Mr. and Mrs. B. F. Miller in North Morgan street.

Earl Churchill saw "The Girl Behind the Counter" at the English theatre in Indianapolis last night.

Miss Marie Scott of Dayton will come tomorrow for a short visit with Mrs. Mary Bohannon and family in North Morgan street.

Carthage Citizen: Messrs. Drury Holt, Van Hood, Howard E. Henley and H. G. Rawls who went to Shirley Thursday night to play a series of checker games with Messrs. Durham, Hodson, Judge and Johnson of that place, came home smiling, having won 41 to 24.

Frank Bender and Stewart Beale are preparing for a week's duck hunt in the Kankakee swamp.

J. P. Stech is still confined to his home in North Jackson street with an attack of appendicitis.

NO TROUBLE WHEN BABY CAME

Mrs. Crossan Gives Credit to Lydia E. Pinkham's Vegetable Compound

Mrs. Dakan Also Tells What This Medicine Does

St. Joseph, Missouri. — "I heard so much about Lydia E. Pinkham's Vegetable Compound that I decided to try it as I had had such a hard time with my first child. I took nine bottles of Lydia E. Pinkham's Vegetable Compound and I never felt better in my life than I did when my baby girl was born. I will be glad to tell what it will do, to any woman who will let me know her address." — Mrs. ROSA DAKAN, 2227 S. 11th St., St. Joseph, Missouri.

Back To Normal Health

New Orleans, Louisiana. — "I took Lydia E. Pinkham's Vegetable Compound while I was carrying my child and I must praise it highly because I never suffered one day during that time and could do all my housework and had a very easy confinement. I am still taking the Vegetable Compound because I have a weakness due to working around the house too soon after my baby was born. But thanks again to the Vegetable Compound I am getting back to normal health once more. I advise any woman to take it." — Mrs. A. MEYER, JR., 2019 Touro St., New Orleans, Louisiana.

Not A Bit of Trouble

Wilmington, Delaware. — "I was nervous and weak and not at all regular. I worked in a factory at the time and could not work very much.

I was sick over a year, then a friend told me about Lydia E. Pinkham's Vegetable Compound and I started to pick up as soon as I began taking it. Then I took it again before my first baby was born and I never had a bit of trouble. I recommend it highly." — Mrs. JANE CROSSAN, 612 Pine St., Wilmington, Delaware.

Lydia E. Pinkham's Vegetable Compound has helped many other women just as it has helped Mrs. Dakan, Mrs. Meyn and Mrs. Crossan.

Consider the statements of these women. They give you the benefit of their actual experience with the Vegetable Compound.

A nation-wide canvass of women purchasers of the Vegetable Compound reports that 98 out of every 100 have been benefited by its use.

This is a remarkable record and proves the dependability of the medicine for the relief of the troubles women often have.

For weak and run-down conditions so common after child-birth it is well adapted. It strengthens and tones up the system and restores normal health.

The Vegetable Compound contains no harmful drugs or narcotics and can be taken in safety by the nursing mother. For sale by druggists everywhere.

SECTIONAL TOURNNEY

HITTING 'EM
AND
MISSING 'EM

LOCAL TOURNNEY PAID WELL

The Rushville sectional tournney was a financial success, according to a report made today by Eugene B. Butler, principal of the high school, which shows that receipts for the tournney reached a total of \$1315.60, or \$200 less than last year.

The share that Rushville received is figured as \$267.51, which includes two \$100 portions allotted by the state rules, and \$67.51 in the share of the ticket sale. The complete report of the tournney is as follows:

TOTAL RECEIPTS	
372 season tickets at \$1.50 each	\$558.00
1894 single admissions at 40c each	757.60
Total receipts	\$1315.60

EXPENDITURES	
Meals, Lodging, Referees, Scorers, Times, Printing, Advertising, Help, Incidentals, Basketballs, Score books, Policemen, Janitors, Tickets, Auto service, Postage, Telephone, Telegraph, etc.	\$644.56
First balance	671.04
Tournney Center High School	\$100.00
Second balance	571.04
I. H. S. A. A. 10 % of Second Balance	\$57.10
Third Balance	513.94

Alquina	00.00
Total	\$266.44
Sixth Balance	\$600.00

Respectfully Submitted,
Eugene B. Butler, Principal,
Rushville High School.

Rushville fans will watch with interest the outcome of the Richmond Regional, where four teams will survive the final games on Saturday night. Richmond drew a bye and will have to meet only one team in order to go to the state finals. Muncie and Shelbyville are due to clash, thus eliminating one of the fast teams from the race. Anderson will probably not have much opposition with Stoney Creek. Connersville may have easy sailing with Versailles, but little is known about the strength of the Clayton team, which will probably be their next opponent. Connersville should win, and be represented at the state finals.

HAGGARD, PALE

Texas Lady Suffered from Womanly Weakness, Pains and Aches; Says She Took Cardui and Got Well.

Dayton, Texas.—Mrs. E. H. Weidel, of this city, writes that she has, for a long time, known of the value of Cardui from personal experience. "I don't know where I would be had it not been for Cardui, for it made a new woman out of me," says Mrs. Weidel. "I was haggard, pale—worn to a frazzle all the time. My health was wretched. I had womanly weakness, painful . . . pains and aches. "I heard of Cardui, and decided to use it. Cardui built me up. I grew well—like another woman—hence the praise I give it. Cardui is the best medicine I ever saw in my life." Cardui, which this lady found so helpful, is a purely vegetable, medicinal tonic. For more than forty years, Cardui has been taken by thousands and thousands of women, everywhere, and praised by them for the beneficial results obtained from its use. If you are a woman, and suffer as many women do— Take Cardui!

NC-149a

"BUCK" A GOOD LOSER

E. C. Arbuckle, better known as "Buck", popular I. & C. conductor, is a real basketball fan and a good loser. "Buck" lives in Rushville and naturally is strong for the Lions. With them Lions eliminated, however, and Connersville again on top and rarin' to go at Richmond "Buck's" for us and he'll be there to help in the routin'. To prove that he is a good sport he treated everyone on his car Sunday afternoon to the apples. Much obliged "Buck" and better luck for the Lions next time.

—Side Lights, Connersville

And His Team Had the Kick

Coch Headie, of the Manilla high school team, which downed Rushville in the district tournament, 16 to 15; formerly was a star performer on a Rushville high school team.

—Richmond Palladium

KOKOMO OFFERS US SYMPATHY

We feel pretty sorry for Jeff of Lafayette, Rushville, Newcastle, Bloomington, Technical and Peru, which teams got knocked off in the sectional tournneys. The Jeff, Rushville, Technical and Peru losses were heralded as upsets. It's pretty tough, gang, and in the past three years we've learned how to sympathize with you. But there's always another season coming, and you may do better. It must be true, because that's what they all told us last year, and they were right.

—Kokomo Tribune

"We want a sectional and a regional here next year," says the Connersville News-Examiner. "Now is the time to start the movement to get 'em'."

Those words bring out once more the most urgent need in Rushville for a bigger and better gymnasium. There is one thing certain, something must be done this summer, or else the Lions den will take a back seat, and the schedule of games will have to be made up of weaker teams. Eight years ago the local gym was envied by all, because it was one of the nicest in this part. It has outgrown its usefulness, and today is not big enough. Let's get busy at once and organize a plan to put Rushville on the map, and make all of 'em envious of us again.

DESERVES CREDIT

Coach Royalty of Milroy deserves a lotta credit. Prospects were far from good at the start of the season, but he developed a winner and a real one, taking the best in the sectional and being runner-up. Milroy has a sweet team and they put up a hard fight for the honors. We're for you Milroy.

—Connersville News

Shelbyville is not taking any chances on Arcadia turning out to be a Mooreland. Although they do not expect much trouble, the papers down that way are trying to tell the team to play 'em hard. Thru the hoop says this:

But don't forget Arcadia. They were watched in the Noblesville sectional and reports have it that they have a real ball team. Plenty of defense and hot on long shots. Not quite the kind of game to beat the Camels, but let's watch 'em.

FIGHTS AND FIGHTERS

New York—Benny Valdez, New York lightweight, won a 10 round decision from Bud Christiano, Buffalo. Babe Herman, California featherweight, won a 10 round decision from Tommy Noble, England.

New York—Returned to his hotel quarters from the Poly Clinic Hospital, Jack Dempsey will remain for several days under the attention of his doctor. He has practically recovered from the operation.

Albany, N. Y.—Investigation by a legislative committee into the boxing situation is considered unlikely in New York now. It is thought by political leaders here that the various bills calling for investigation, reports and remedies will die in committee.

GIRL'S TOURNNEY TO BE HELD HERE SATURDAY

Basketball Games Will Be Played at Modern Appliance Building Instead of Graham Annex

NUMBER IS INDEFINITE

The high school girl's basketball tournney will be held in Rushville Saturday, it was stated today, and the games will be played at the Modern Appliance gym instead of the Graham Annex. The exact number of teams entering the tournney, was not known today, excepting that two from Fayette county, Orange and Fairview, and the Jackson township school from Decatur county, will be the three outside teams.

The drawing for positions will be made Saturday morning at 8:30, and the first game will be played at 9 o'clock. There will be three sessions, morning and afternoon, with the first afternoon session early, and the final game at five o'clock in the afternoon.

It was also stated today that the danger of smallpox had passed, and that the New Salem schools were ready to open Monday morning. The school officials who are behind the project are expecting a good crowd.

TRAINING CAMP TABS

Sarasota, Fla.—Brilliant form being shown at the Giant training camp here by Jack Bentley leads to the belief that he may be the leading pitcher of the league this season. The players have all advanced so that a scrub game is being played daily.

New Orleans.—Attention to the rookies is commanding the time of Manager Haggins at the Yankee training camp. The regulars are not due to arrive until Saturday. Earle Combs, the high priced Kentucky outfielder, has not been heard from.

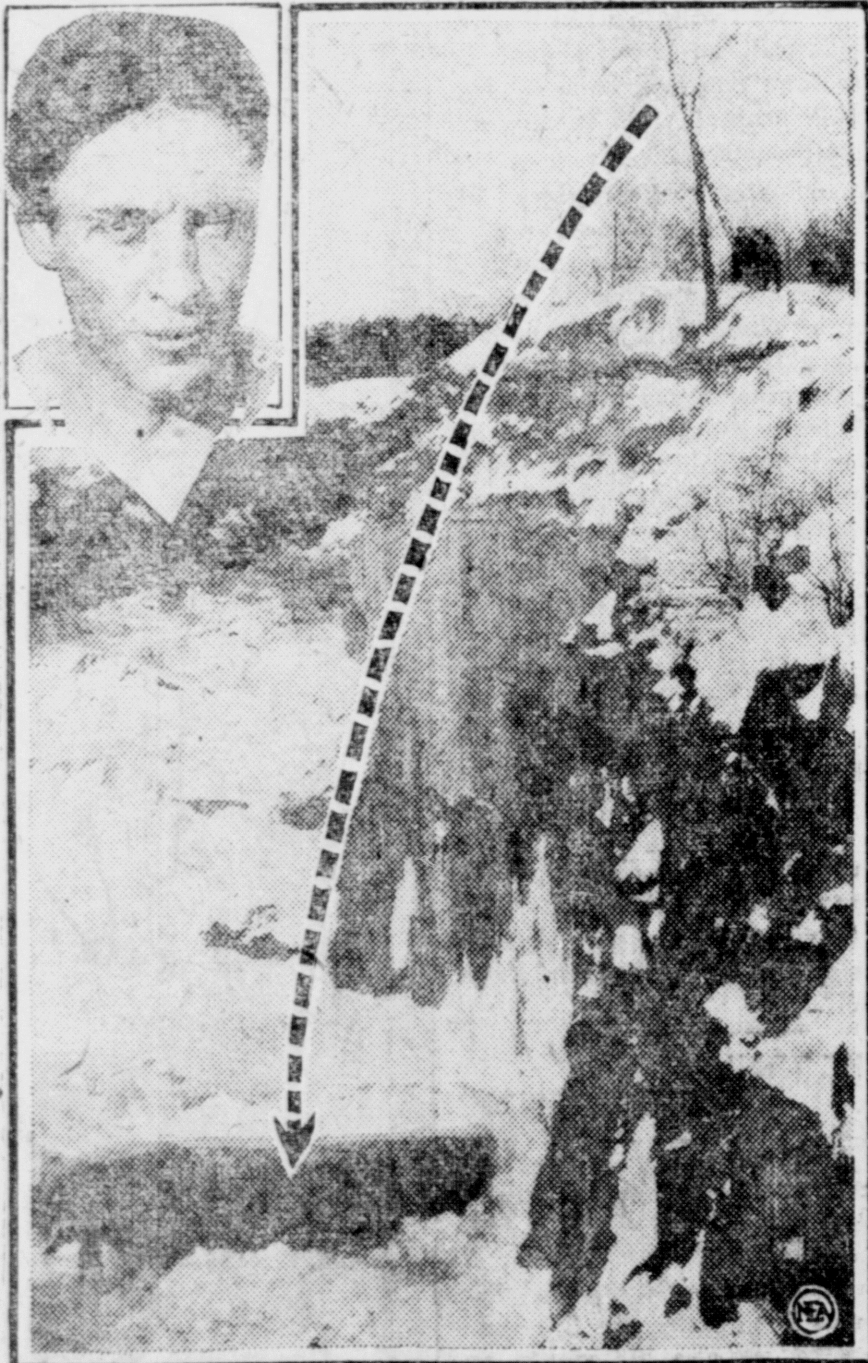

Clearwater, Fla.—Joe Klagman, former Des Moines infielder, was the first casualty at the Brooklyn training camp. He got a bad gash over his eye when a ball took a bad bound and struck him. He will be out of the game for several days.

Leesburg, Fla.—The Phillies are lengthening their day's work. Pitchers and receivers are getting into shape for the influx of infielders and outfielders which begins today.

Catalina Islands, Calif.—Search for a competent right fielder for the Cubs is the task on which Pilot Bill Killefer is concentrating as Spring training here becomes more intense.

Winter Haven, Fla.—Unless much of the new material recruited for the 1924 season shows up better than in the first two days of spring training, the White Sox will open with same infield as last year, early workouts indicated.

Days of Real Sport!

These are the days of real sport! Up in Amoskeag, near Manchester, N. H., a brave crowd, calling themselves "super-brownies," dive and swim regardless of temperature. Joe McBride, 21 (inset), dived from the top of a maple tree 105 feet into an ice hole.

M'Graw Has 20 Young Pitchers

By HENRY L. FARRELL (United Press Sports Editor)

New York, March 5.—Success of the New York Giants in the 1924 National League pennant race depends for the most part on the results that John McGraw gets from his new pitchers.

Although he seems to take the Cincinnati Reds less seriously as a rival than the majority of the experts, McGraw's industry during the off-season in picking up twenty new pitchers would indicate his belief that the Giants would not be bothered with a better pitching staff.

McGraw has gone most thoroughly into the job of building up a pitching staff that for two years might have impaired the mentality of a less sturdy manager.

He has twenty recruits that must have cost a total of at least \$100,000 and he has hired extra coaches to assist him in looking over the prospects of his Sarasota training camp.

If McGraw gets only two winners out of the lot, his expenditure of money and time will bear plenty of interest for him.

The Giant leader's diligence in seeking general improvement of the club was displayed when he signed Armando Marsans, former National

Montgomery, Ala.—The Athletics have begun formal practice and today the pitchers will place the horsehide across the plate for the benefit of the batters. Mack is preparing a long list of pitchers and it is likely that 10 or 12 of them will be on the 1924 payroll.

Paso Robles, Calif.—Carson Bigbee, who has been suffering from a sore throat, will report to the Pirates here today or tomorrow for the spring training siege. Yánnigans and regulars will play a practice game today.

Hot Springs, Ark.—Tris Speaker expects to have a strong Indiana pitching staff this season. He has these regulars: Uhle, Covelskie, Smith, Edwards, Shaute, Metevier, Morton and Bedgoode.

Orlando, Fla.—Ivy Wingo, catcher, put five balls over the long left field fence here yesterday during batting practice. Pat Moran, manager, still is ill here and may not be here by Monday.

Mobile, Ala.—McManus and Gerber were the only missing members of the St. Louis Browns in their first regular long practice today.

League outfielder, to act as a professor of base running and it did not support the statements which McGraw had made to get over the idea that his club was in no great danger of losing the pennant.

In the apparent desire to add to the speed of the club, McGraw seems to be planning the revival of base running tactics of offense, a department of the game which had almost ceased to function when the lively ball brought out heavy hitting as one of the most important assets of a successful ball club.

Fast and skillful base running will stretch a lot of singles and doubles and combined with heavy hitting it will give just such an attack as a club would need that has no great defensive strength in its pitching.

Charley Ledoux, the veteran French fighter, pulled a most convincing retaliation recently when he stepped out and showed up the mistake that a couple of judges had made against him.

Ledoux lost the bantamweight championship on a decision that caused a squawk in Paris that would have done justice to the Bronx zoo band.

Ledoux didn't say much, but he did plenty. He merely went ahead about his business and won the featherweight championship of Europe.

Manager Sisler is concentrating on an effort to fill third base, a weak point last year, properly.

Bradentown, Fla.—Jim Bottomley has left his home in Nokomis, Ill., to join the St. Louis Cardinals here, he wired Manager Riekey. The Cards will play the Milwaukee Brewers, who train just across the Manatee river, March 14.

Augusta, Ga.—The Detroit Tigers, whom Manager Ty Cobb has run ragged for the past few days, were given a breathing spell by Fred Carisch, in charge in Cobb's absence. Carisch worked the players only two hours and a half instead of the usual four.

The Advance Literary Club will be entertained Friday afternoon at the home of Mrs. Joe Amos in North Main street. A splendid program has been prepared for this meeting.

Mrs. Homer Powell will be hostess to the members of the Tarry-A-While club Friday afternoon at her home in North Morgan street. All the members are cordially invited to attend.

The Ladies Aid Society of the First Baptist church will meet Thursday afternoon in the church and the ladies are requested to be present as important business will come up before the meeting.

The Women's Foreign Missionary Society of the St. Paul's M. E. church will meet in the parlors of the church Thursday afternoon at 2:30 o'clock. This is the thank offering meeting and a good attendance of the membership is urged at this meeting.

The W. R. C. Penny Social will hold their regular meeting Thursday afternoon at the home of Mrs. Gates Ketchum, instead of the G. A. R. room in the court house. A pitch-in lunch will be served at the meeting. All the members are requested to bring their own dishes and also to bring their quilt blocks.

Dances will be given on Friday and Saturday evening in the I. O. O. F. hall at Richmond, Ind., for basketball tournament visitors. The dances are given by the Chi Chapter, Phi Delta Kappa fraternity, and music will be furnished by Jess Halberstadt orchestra. The hall is located at the corner of Eighth and Main streets.

Mrs. Chase Mauzy entertained the members of her card club and two extra tables of guests, Tuesday at-

noon at her home in North Main street. Bridge was played during the afternoon and at the close of the card games refreshments were served. Among the guests was Mrs. H. S. Davis of Knightstown, Mrs. Mauzy's sister.

The Ladies Aid Society of the St. Paul's M. E. church held their regular meeting Tuesday afternoon in the basement of the church. During the business session several matters of importance were discussed and this period was followed by a musical program. The hostesses for the afternoon were Mrs. William Malno, Mrs. Lincoln Giffin and Mrs. Virgil Maffett.

Mrs. Charles Brooks, delightfully entertained the members of the Missionary Society of the Christian church of Glenwood Tuesday afternoon at her home near Glenwood. A splendid program was given, Mrs. Marshall Hinchman, Jr., being the leader of the meeting. An informal social hour was enjoyed following the rendering of the program and refreshments were served by the hostesses.

The Parent-Teacher's club of the Webb school will hold their regular monthly meeting Monday, March 10, at the school building, in connection with the Rushville Township Farmer's meeting. A pitch-in supper will be served at 6:30 p. m. Everyone is asked to bring a well filled basket and silverware. An interesting program is being prepared which will consist of a minstrel show and speeches. Everyone is cordially invited.

The following clipping from the Connersville News-Examiner gives an account of a wedding, which will be of interest to several people in this county:

The marriage of Miss Edith Richardson, daughter of Mr. and Mrs. John F. Richardson of this city to Carl Ertel of Dayton, Ohio son of George F. Ertel of near Rushville was quietly solemnized at 6 o'clock Saturday evening, March 1, at the parsonage of the First Methodist church, the Rev. J. W. McFall officiating. The single ring ceremony was used in the service. The bridal couple was unattended. The bride wore a becoming grey crepe gown with a blue and grey hat. Mr. and Mrs. Ertel will make their home in Dayton.

CITY NOT TO GIVE UP BRANCH FIGHT

Continued from Page One
ville Furniture company had made application for a 75 horse power motor, which will make it necessary for additional lines to accommodate the load, and the council authorized him to make the necessary improvement to supply the factory with electricity. The approximate cost will be \$1,200 but is an investment, as the city receives considerable each month from the revenue of such a line.

The council also made it plain that they intended to stand by the order issued to the owners of the Odd Fellows building, regarding the clearing of the sidewalk and protecting it for pedestrians. The council in their order makes it compulsory that the owners build a shed or walk-away around the building in order to make it passable, and without making it necessary for people to walk on the other side of the street while the building is being rebuilt.

A representative of a firm appeared before the council and wanted to be employed as a chemical engineer for the Morgan street paving job, in which asphalt is to be used. It is his purpose to be on hand with a field laboratory and make all necessary chemical tests of the materials that go into the street. No action was taken, and he was to be advised later.

Two ordinances were passed in which the board of public works and the board of safety were abolished and the duties of these two boards empowered in the members of the city council. A previous ordinance of this kind was passed in 1920, but on account of an act of 1923, it was necessary to pass another ordinance which the council had failed to do until last night. On this ground it was believed that the Hodges Branch drain was thrown out of court before and now the new effort will be made to put it through.

Last night was the time for receiving bids on the construction of sidewalks, curbs and gutters in North Sexton street and no bidders appeared. The matter was deferred until a later date, when another attempt will be made.

Three firms submitted bids last night on road oil, in quantities of 40,000 gallons, more or less, and the final award will be made at the next meeting. The council is preparing to oil the streets early this year, and received the bids sooner than usual.

Harry B. Armstrong and others, residing in Fourth street between Main and Perkins, petitioned the council for sidewalk and curb improvements, and the matter was left in the hands of the street committee to investigate.

Plans for cleaning out the sewer system were discussed, and the matter will be taken up later, in which the entire sewer will be gone over and inspected, as it has never been cleaned since installed 17 years ago.

NEW SCANDAL IS HINTED IN ACTION

Continued from Page One
talked with John W. Crim, special assistant Attorney General who prosecute the Veterans' Bureau cases at Chicago.

Gaston B. Means, former department secret agent and a soldier of fortune with a romantic record, is reported to have been in consultation with the committee.

Search for an experienced investigator to aid the committee, is being pushed. William J. Flynn, former director of the bureau of investigation of the department, is said to be under consideration.

TO GIVE PLAY AT ORANGE

A penny supper will be given at the Orange school building Thursday evening between 6 and 7:30 o'clock. Following the serving of the supper the Alouina school will give a play entitled "And Home Came Ted."

Don't cough! cough! cough!

ADDITION FOR HOMES ANNOUNCED

Continued from Page One
platted the addition to conform with all regularities, a sewer system will be established to take care of every lot.

Among the first things to be done will be to have the new territory annexed to the city, Mr. Stewart said, and in this way the north corporation line will be extended to 16th street, including a vast amount of new territory lying west of North Main street. A building code will be included in the annexation, in which houses must be built that will measure up to the requirements, and a conformity made in erecting houses, so that all will be equal distance from the side walk, and no house can be set out in front of a neighboring house.

Plans for the opening of the new addition will go forward rapidly, Mr. Stewart said, and details concerning the sale of lots will be announced later.

With sewer installation, and the territory being annexed, it will quickly be an inducement for the building of fine homes. With the further addition of the boulevard by the city, it will serve as an extra inducement for people to live in that part of the city. According to the plans, a concrete bridge with pedestal lights, will be erected at Twelfth street over the branch, which will lead almost directly to the central part of the park. The city also expects to have the boulevard extensively lighted, and as fast as homes are built in the new addition, the street lighting system and water works will be extended.

The purchase of the Memorial park land by the city, which included the valuable block at Eleventh and Harrison streets, was made possible by a bond issue for \$25,000 last fall, and out of this amount, the city has enough money left with which to complete their plans of building the driveway, and making other minor improvements.

Outside of This, There's Not Much The Matter With Rushville

Continued from Page One
parts of the equipment should be carried out.

Elimination of four inch water mains, of which there are miles in Rushville, and the increasing of these mains to at least 6 inch size, with 6 inch size the smallest to be used. Fire hydrants are too small there should be two outlets for hose connections, and one large outlet for pump service.

Each fire company should have six men on duty at all time. These men should be governed by suitable rules and regulations, and properly conducted in ranking and as officers. Any act of misconduct should be cause for trial and suspension. Firemen should have frequent drills and schools of learning. They should be taught life saving means, and manner or salvaging property.

The city should adopt an ordinance regulating fire protection, and establish a building code. The national electric wiring code should be enforced, and a wire and electrical inspector named.

The fire alarm system is not sufficient. It is in need of repairs. There is not a sufficient number of fire alarm boxes, and there should be 6 or 8 more added. Property in the high value district should not be more than 500 feet from a box; in the residential district, no house should be further than 800 feet from a box, excepting property that is only 1.5 built with houses.

The indicator that registers fire alarms is obsolete and is not used in cities of the third class rating. A punch register system would be necessary, in which alarms are handled more quickly and more accurately.

Several other items were pointed out. When asked about the rate reduction, it was said that before a reduction could be made the city would have to be given a new classification, and that expert work is required along that line, and that approximately \$12,000 would be required for the work. If the classification were changed, and no definite promise made, even by following all the necessary suggestions, the city could not lower the rate more than 6 to 10 per cent.

The council then decided that the best way out of the thing was to buy what they thought was needed to put out fires, and let the rate take care of itself.

ADDITION FOR HOMES ANNOUNCED

Tract of 25.93 Acres, Purchased by
A. L. Stewart and Son, to be
Platted into City Lots

PART OF ABERCROMBIE FARM

Purchasers Pay \$455 an Acre For
Memorial Park Addition, Which
Will be Improved at Once

WILL BE SOLD FOR HOMES

Uniform Building Code Will be In-
cluded in Annexation—to Extend
Streets and Build Sewer

Memorial park addition to the city of Rushville will soon be launched, according to A. L. Stewart, who announced today the purchase of 25.93 acres of land, lying between the new park addition and Main street, and north of Eleventh street. Mr. Stewart and his son, Simon Stewart, purchased the land from Mrs. Ione Churchill, and which is more commonly known as the Abercrombie estate.

The deal in real estate was closed Tuesday, according to Mr. Stewart, and the transaction involves one of the highest prices paid for land in Rush county in recent years. The 25.93 acre tract was purchased for about \$455 an acre.

The land is now an irregular shape of real estate, being bounded on the west and northwest by the Abercrombie woods, which has since become the new addition to the park, and on the east comes down Main street, jogs around to Morgan, and then back over to Eleventh and Harrison streets.

The city owns a block at the northwest corner of Eleventh and Harrison, for a future school site. Mr. Stewart announced today that he is drawing plans and specifications for the platting of the new territory, and that the streets will conform with the present city streets, making no jogs in the new addition.

These streets to be extended will be Harrison and Morgan to the Hodge Branch. The city this summer will build Memorial Park boulevard along the branch, coming out in north Main street, near Sixteenth.

The side streets to be extended in the new addition will be Twelfth, Thirteenth, Fourteenth and Fifteenth. Mr. Stewart expects that 100 building lots will be available in the new addition. After he and his son leave

ANOTHER FINED IN CIGARETTE CRUSADE

Phillip Miller Pleads Guilty to Charge
and 14 Other Affidavits Are Pending It Is Said

SEVERAL CIVIL SUITS FILED

Several suits on accounts have been filed in Justice Stech's court, and one more arrest has been made served in connection with the cigarette crusade.

Phillip Miller of this city appeared and pleaded guilty to the charge, and was fined \$10 and costs, amounting in all to \$17.75 which was paid. It is understood that 14 similar affidavits are on file.

William Dagan is plaintiff in a suit filed against John Colvin, the suit being for possession of a house and for \$50 damages. The case will be heard March 10 at ten o'clock.

The Castle theatre company has been sued on two cases, each on accounts. In one case Matlock and Green are plaintiffs with the demand for \$75 and in the other case Walter English demands \$30. The cases are set for March 8, at 9 and 10 o'clock respectively.

Charles H. Harton is plaintiff against William H. Hardwick, in which \$60 is demanded on account. This case has been set for March 7 at one o'clock. The case of John C. Groub and Company against Henry McMahon was postponed from this afternoon to Thursday morning at ten o'clock.

MANY WITNESSES APPEAR

Grand Jury Hears Evidence of Rushville People Today

The grand jury was in session today in the court house, and many witnesses were summoned before the investigators for the most part of people living in Rushville.

Many high school students were among the witnesses. The nature of the investigation was not disclosed, and no report was expected today.

The grand jury met two weeks ago and investigated the murder of Luther C. Sharp, in which an indictment was returned against Cecil Cloud. At the former session an indictment was returned against Capp Miller, charging unlawful manufacture of liquor, and each defendant is awaiting trial in court now.

NEW SCANDAL IS HINTED IN ACTION

By Direction of President, Indictment of Two or More Members of Congress Will be Sought

IN LEAGUE WITH BOOTLEGGERS

Daughterly Investigation Will Open With Inquiry Into Failure to Prosecute 55 Cases

(By United Press)

Washington, March 5.—By direction of President Coolidge indictment of two or more members of congress will be sought immediately by the Department of Justice. Evidence against them may be presented this week before the federal grand jury here.

Attorney General Daugherty is understood to have given evidence against them to the Chicago grand jury which indicted Charles R. Forbes, former head of the Veterans' Bureau.

The congressmen are not involved in the Veterans' Bureau nor oil scandal.

According to reliable information, they were in a league with a bootlegging syndicate which with the financial backing of a prominent politician, was operating on a big scale.

By WILLIAM J. LOSH
(U. P. Staff Correspondent)

Washington, Mar. 5.—The Daugherty investigation will open with an inquiry into the department of justice's failure to prosecute fifty-five cases turned over to it by the federal trade commission, it appeared probable here today.

Difficultly encountered by Senator Wheeler, Montana, pro-secutor of the investigation, in whipping other "leads" into shape for presentation to the committee when it opens hearings next week is responsible.

Wheeler has not yet picked the law clerk who will aid him in sifting the material in the committee's hands and its huge quantity precludes his making any progress tackling it alone.

The committee is able to proceed at once to the consideration of the federal trade cases because the department recently submitted a report on its conduct of them in response to a senate resolution.

The committee is conferring with persons believed to have information concerning the department's activities in its search for evidence.

Yesterday some of the members

DOES NOT NEED THE MONEY

Highway Commission Will Not Ask For Payment Until October

(By United Press)

Indianapolis, Ind., March 5.—The state highway commission will not ask the finance board to pay the road fund \$650,000 of inheritance tax collections until late in October. Earl Crawford, a member of the commission, declared today.

Payment will not be asked until October because the general fund is already \$3,750,000 in debt and highway department will not need the money until most contractors have finished their work.

The money is due the highway department under the supreme court decision declaring the automobile license tax invalid.

THE SITUATION BEGINS TO CLARIFY

Outside of This, There's Not Much The Matter With Rushville's Fire Protection

Underwriters' Representative Reels Off Improvements Required Before Reduction in Insurance Would Even Be "Considered" and Councilmen Get Dizzy. Changes Would Cost Close to \$100,000 And An "Inspection" Would be Another \$12,000.

A representative of the Insurance Underwriters, who were asked to submit recommendations that would change the classification of rates for the city of Rushville, was here Tuesday night before the council, and pointed out the improvements that will be necessary to bring about reduced fire insurance rates.

Councilmen, however, after hearing the report, decided that the best thing to do was to buy equipment that would suit the needs in fighting fires, and to put out the fires, rather than go to the big expense of compiling with recommendations as outlined by the insurance department, which then did not make any rigid promise of a rate reduction.

The council, acting on their own initiative, will receive bids April 1 on two pieces of fire apparatus, one of which will be purchased. One bid calls for a triple combination motor pumper, chemical and hose wagon, similar to the pumper now in use. The other bid calls for a combination pumper, hook and ladder service truck.

By advertising for bids on two different pieces of apparatus, the council can then make their selection from a vast number of machines. The capacity of the pump in each case is to be from 600 to 750 gallons a minute.

The machines are to be equipped with either chemicals or a booster pump, and the bids will be open to all competitive concerns. The question that the council will decide is whether to buy an outfit like the one in use now, or to buy one with extra ladder equipment, as well as having a hose bed and pumper.

In outlining the rates for Rushville, which is in class 4, and which if reduced rates are desired would be in class 3, the representative of the insurance companies pointed out what would be necessary to bring about the lower rates.

Following his recommendations would mean practically the rebuilding of the city water and light plant, and other costs would reach \$75,000 to

bring about a reduction that would scarcely be noticed.

He recommended the following improvements and changes:

Additional fire equipment. There should be two pumper companies and a ladder company. More men are needed on the regular duty. The water supply is inadequate. The present reservoir holds less than a half million gallons of water. It should be increased to three millions, and a reserve supply of two millions held in readiness.

One more pump should be installed at the water and light plant. Another pump now in use should be completely rebuilt. Daily inspection of various valves, connections and other

NEW SOLDIER BONUS BILL TO BE OFFERED

Democratic Measure Provides For Cash Payments With Paid-Up Insurance as an Option

REPUBLICANS TO FIGHT IT

(By United Press)

Washington, March 5.—A new soldier bonus bill providing for cash payments and paid-up insurance was to be presented to the house, ways and means committee today.

It was ready for submission by Representative Jeffers, Alabama, an ex-service man and chairman of the special committee appointed by house democrats to formulate a party measure.

It has virtually the solid support of the democrats.

It is understood to provide for full cash payments with paid-up insurance as an option.

Republicans on the committee, including Chairman Green, who have supported the McKensie bill providing for the four-fold plan, will vigorously oppose the democratic plan.

CITY NOT TO GIVE UP BRANCH FIGHT

Cause For Loss in Circuit Court Removed When Council Complies With 1923 Law

O. C. BRANN RESIGNS PLACE

Councilman's Resignation Effective April 1—Memorial Park Plans Are Completed

The city will make another attempt in circuit court for the improvement of Hodge Branch, it was decided Tuesday night, when the regular session of the council was held, and considerable business taken up. The city will begin all over again in the project, and will attempt to put it through as planned, and previously attempted.

Councilman Oliver C. Brann, republican, tendered his resignation as a member of the board, before the session adjourned last night, and his resignation, to become effective April 1, was accepted.

City engineer A. L. Stewart reported that the plans and specifications for the improvement of Memorial park, and the boulevard were ready to be submitted and the plans were looked over but action deferred until the next meeting, at which time steps will be taken to begin the expansion work in the new park addition.

A petition of Russell Kirkpatrick and others asking for the extension of the sewer system on South Morgan street was read and approved, and the work will be done by the property owners affected by the improvement.

The Hyman Schatz Sons, junk dealers, complained about outside dealers working in Rushville, without paying a license fee, and the police were notified to watch for any junk dealers that were operating without a license.

A. T. Mahin, superintendent of the city water and light plant reported that a new well would be needed this summer, because of the more added consumption of water, and he recommended a twelve inch well north of the city. The plan was approved, and bids for the drilling of the well will be received April 1.

He also reported that the Rush-

TAKEN TO INDIANAPOLIS

Colored Men Arrested Here Accused of Stealing an Automobile

Jess James and Dave West, the two colored men who were arrested Sunday on the road south of Rushville, suspected of stealing an automobile in which they were riding, were taken to Indianapolis late Tuesday by a detective sent here for them, and they will face a charge in Marion county of vehicle taking.

The two colored men are charged with taking the Chevrolet sedan from a garage in Indianapolis Saturday night. The machine belonged to a man by the name of Rickard, and was not missed until Sunday afternoon.

ON THE TRAIL OF "THE PRINCIPAL"

Senate Oil Investigators Expect To Identify Mysterious Person Mentioned in Telegrams

TELEGRAMS ARE EXAMINED

Further Mention Made of William J. Burns, Chief of Justice Department's Inquiry Bureau

(By United Press)

Washington, March 5.—Some three hundred additional telegrams, read by the senate oil investigating committee today, opened a trail that may lead to identification of "the principal" mysterious person mentioned in an exchange of telegrams between Edward B. McLean in Palm Beach and agents here.

Two committee members now say they have no doubt as to the persons identity and believe open developments in this connection will follow shortly.

Of the three hundred telegrams which passed between leading figures in the oil scandal and which the committee examined today, about 75 were selected as extremely pertinent to the inquiry, it was said after the session.

Telegrams studied today makes further mention of William J. Burns, chief of the bureau of investigation in the justice department, and show that Edward B. McLean knew further details of the Florida visit of C. Bascom Slemp, secretary to President Coolidge.

The messages were submitted by the local Western Union office. They were examined by the committee in executive session to determine which were pertinent to the present investigation.

Those which are found irrelevant will be made public later.

Senator Ladd, North Dakota, presided over the session in the absence of Chairman Lenroot whom left last night for a week's vacation at Southern Pines, N. C.

Thomas P. Dowd, superintendent of the Washington Postal, gave the committee about thirty additional telegrams just before the executive session. They were submitted in answer to a subpoena which called for messages to or from any of the principals in the investigation, including former Secretary of Interior Fall, Harry F. Sinclair, E. L. Doherty, E. B. McLean or any of his many agents of J. W. Zevely.

In addition to the Postal and Western Union messages handled through the Washington office, Dowd and H. P. Taft, manager of the local Western Union office submitted sealed

WRECKERS GO TO WORK TODAY

Begin Cleaning up Debris at Odd Fellow Building

Wreckers began work today on the ruins of the Odd Fellow building, preparatory to tearing down the walls and making way for the erection of a new building to replace the one that was gutted by fire on Friday, January 25.

The Rush County National Bank, which purchased the damaged building and site, let the contract last week to Pachoud Brothers of Cincinnati, for the wrecking of the fire ruins.

The wreckers started this morning by cleaning the debris out of the interior of the building.

SHOWS DEVOTION TO BIBLE READING

Dr. H. H. Halley Re-emphasizes Importance and Satisfaction to be Gained From Doing So

READS MORE OF EPISTLES

Presents Some of Historical Background to Paul's Writings to the Early Churches

His devotion to the cause of persuading people to read the Bible, which was written to be read, was re-emphasized Tuesday night by Dr. H. H. Halley in a short preface to his reading of the First and Second Epistles to the Thessalonians, the Second Epistle to Timothy, which was Paul's last work, and the First Epistle to the Corinthians.

"We can get a wonderful amount of satisfaction out of reading the Bible," he said. "It was written to tell Christ's message. I am not going around to show that I know something about the Bible, but to encourage its reading."

Dr. Halley made these brief remarks in explaining his reason for recommending the American revision of the Bible in preference to the King James version. He asserted that it was written after thirty years of labor by thirty American scholars and that it was more easily read than other editions.

The American revision, he continued, was prepared to meet the changes in language after three hundred years. It is paraphrased differently so that sentences are not divided into paragraphs. Dr. Halley exhibited three different copies of the American revised edition, one of which he recommended for young people, one for middle-aged people and the third for old people. All have large print for ease in reading, Dr. Halley said.

The last meeting was held at the First United Presbyterian church Tuesday night and the remaining three of the series will be held at St. Paul's Methodist Episcopal church. Dr. Halley will continue the reading of the Epistles tonight and Thursday night, and on Friday night he will read from Revelations.

Before beginning his readings last night, Dr. Halley asked the audience to remember that the New Testament was written between the years 53 and 68, with the exception of the writings of John.

"The minds of the apostles were not fully illuminated on the day of Pentecost," he pointed out. "It was not revealed to them until problems arose and then God led them to one mind. The church was in existence 50 years before the New Testament was written. After telling what Jesus said and did, the official description of Christianity is given in the Epistles letters. If Christianity had been given to us by men, it would have been in encyclopedic form."

Dr. Halley explained that the church at Thessalonica was founded on Paul's second journey there. It is

TWO RUSH COUNTY FARMS SELL WELL

Clifford Tract Near Rushville Brings \$800 An Acre And One in Washington Sells For \$150

OTHER PRICES STIFFENING

Two other farm sales at good prices, in addition to the sale of a part of the Theodore Abercrombie farm, adjoining Rushville, were revealed in the recorder's and auditor's office today.

Harry Clifford has sold his farm tract of ten acres, on the Eleventh street cement road, to Charles H. Hollansbee for \$8,000, an average of \$800 acre. The farm is well improved. Mr. and Mrs. Clifford have moved to Morgantown for permanent residence.

The Mary Loughlin farm in Washington township, consisting of sixty-two acres, has been sold for \$9,300 an average of \$150 an acre.

The high prices which livestock and hay and grain have been bringing at farm auctions, combined with the tendency of farm land values to rise, have served to make farmers more optimistic.

RHEUMATISM GONE TOO SAYS RUDOLF SCHORI

Feared He Would Be Crippled For Life Was Forced to Quit Work For 15 Months—Taniae Brought Relief.

"I don't know anything better" I could say for Taniae than that I am still enjoying the good health it brought me six years ago," recently stated Rudolf Schori, 221 East Main St., Fort Wayne, Ind.

"While running a meat market in Worthington, Iowa, I got a case of rheumatism which I feared would cripple me for life. My arms were so stiff and painful I could hardly put my clothes on in the morning. Shattered nerves, nervousness, headaches

and indigestion combined with the rheumatism got me down to where I had to lay off from the market fifteen months.

"Well, it was at this time that I began taking Taniae. Six bottles of the medicine put me in such fine shape that my customers were amazed and I often had to explain what had rebuilt my health and strength. Taniae certainly made life worth living for me."

Taniae is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Taniae Vegetable Pills.

SHOWS DEVOTION TO BIBLE READING

Continued from Page One

the modern Salonia in southern Greece, which was an allied base during the late war.

"The main subject of Second Thessalonians is the Lord's second coming," he continued. "It is also written to encourage the young church to bear up under its troubles. It is one of the most beautiful passages in the New Testament and shows the apostle's tender solicitude for his first converts, that they hold fast to the faith."

As a preface to his reading of the Second Epistle to Timothy, Dr. Halley recalled some of the historical background. He pointed out that the Book of Acts closed with Paul in Prison. He was released and returned to visit the churches in Greece and Asia Minor. During the next year—in 64, the speaker said, Nero burned Rome. The people knew he was responsible, and to divert suspicion, he accused the Christians.

"For the first time the Christians were persecuted in Rome," Dr. Halley stated. "They had been persecuted by the Jews previously. A short time after Nero burned Rome, Paul was arrested on a charge of evil-doing, which caused the churches in Asia Minor to fall away from him. He was torn from his friend Timothy and dragged back to Rome and tried. And when the end seemed near, he wrote the Epistle to Timothy. It was his triumph of faith and it is one of the finest passages in the Bible. 'I am not ashamed, for I know whom I have believed,' said Paul. 'I have fought a good fight, I have finished my course, I have kept the faith.'"

In explanation of his reading of First Corinthians, Dr. Halley said the church at Corinth was founded on Paul's second journey there and that the time of the writing of the Epistle, the Christians were in dispute over many things of secondary importance.

"Straining gnats and swallowing camels," he added. "While the New Testament was being written, God permitted special miracles to keep them in the faith."

"We think it is modern to deny the cardinal things in Christianity but in the days of the Corinth church people were denying the resurrection."

Paul wrote to them, he explained, exhorting them not to lose sight of their religion in their petty quarrels.

MOVIES

Pola Negri at Princess

Dancing in a stationary skirt; In a court scene which was filmed for Pola Negri's new star picture, "The Spanish Dancer," produced for Paramount by Herbert Brenon, twenty girls perform a ballet without a single movement of the skirt being visible. The entire ballet was done with motions from the waist up. Their feet remained motionless.

The girls appear in costumes of black velvet. The skirts are spread outward from the hips with the enormous panniers popular in the early part of the seventeenth century. Across the front of the velvet skirt run two broad bands of silver. These bands are waved and as the girls stand hip to hip with swaying shoulders, the silver bands appear to flow like running water. The ballet dance is part of elaborately costumed court scenes, which take place in the throne room in the royal palace in Madrid.

"The Spanish Dancer," which comes to the Princess theatre today and Thursday is one of the most dramatic stories ever filmed. It is the first costume picture in which Pola Negri has starred since she came to America. Featured opposite Pola Negri is Antonio Moreno, with Wallace Beery, Kathryn Williams, Gareth Hughes, Adolphe Menjou and Robert Agnew heading a strong cast.

"Down To The Sea in Ships"

The hue and cry for novelty on the screen is more than satisfied by Elmer Clifton's interesting whaling film, "Down to the Sea in Ships," which opened at the Castle theatre today for a three day engagement according to the Indianapolis Star. The picture having recently closed a week's engagement at the Circle. He has successfully broken away from the usual formula employed in the manufacture of photoplays and has managed to produce a picture entirely free from the cloying influence of flappers, society balls and jazz. What he has done is to make a stirring picture of the old whaling days in New England.

Clifton found able assistants in the entire community of New Bedford, Mass. They were eager to carry the story to the corners of the earth and they co-operated splendidly with Clifton in telling this tale of Quakers and Whalers. He assembled his cast from among the villagers and then he himself went down to the sea for some vivid scenes. His sea was not a painted sea, nor was his ship a paper mache creation. His whales, too, were the real things. It is doubtful, in fact, if any of the "bigger and better" pictures of the day are so free from sham as Clifton's simple story of a man who went down to the sea in ships and thus fulfilled the condition set down by his fiancée's father.

MAYS

The funeral of Mrs. James Rhodes was held at the Center Christian church Saturday morning. The Rev. L. E. Brown of Rushville had charge of the services and burial was in the Center cemetery.

Col. S. V. Ham of Chicago is spending a few days with Mr. and Mrs. Virgil Whitset and Mr. and Mrs. Orville Plummer.

Miss Elvena Goode spent Sunday with John Goode and family at Arlington.

Mrs. C. S. Harter and daughter Gertrude visited in Indianapolis Saturday.

Mr. and Mrs. William Rhodes very quietly celebrated their fifty-seventh wedding anniversary, March 1.

Mr. and Mrs. Bert Collee entertained the pitch-in club Sunday at their home near Mays. The guests were Horace Glidden and family, Dora Dill and family, Mr. and Mrs. Charles Gosnell, Raymond Bowles and family, John McBride and family, Berry Rush and family, Mrs. Augusta Brown, and the Misses Edna Swart and Nellie Kirkham.

Mr. and Mrs. Wilbur Gray spent Sunday evening with Mr. and Mrs. Jesse Gray.

Miss Stella Rhodes is spending a few days at Knightstown with Mr. and Mrs. Roy Souders.

Mr. and Mrs. John Gilson had for their dinner guests Sunday, Mr. and Mrs. Rufus Rhodes, Mr. and Mrs. Charles McBride, Mrs. Elizabeth Oldham and Gilbert Divillbliss.

Mr. and Mrs. Glen Kirkham entertained the Center Social club and their families Friday night. A pitch-in supper was served.

Mr. and Mrs. Guy McBride spent Sunday with Mr. and Mrs. J. K. Stiers, near Rushville.

Wilbur and Clarence Hall of Rushville spent Sunday with their parents, Mr. and Mrs. Frank Hall.

WEDNESDAY, MARCH 5, 1924

Let this mind be in you, which
was also in Christ Jesus. Let nothing
be done through strife or vainglory;
but in lowliness of mind let each es-
teem other better than themselves.
—Philippians 2: 5, 3.

Land Values Rising

Recent sales of land indicate that
there are some people left who ap-
preciate the value of Rush county
land and who are not going to let it
go "for a song". Sentiment is rapidly
changing and farmers are begin-
ning to see better times ahead.

With corn selling at close to nine-
ty cents a bushel at farm auctions,
cows bringing as high as \$125, horses
as much as \$175 and even more,
sheep selling for \$14 a head, hogs at
\$8 a hundred and hay selling at \$25
a ton, farmers are awakening to the
fact that they have been following
false gods and that the pessimists
have been in the saddle long enough.

The sale of a farm in Washington
township for \$150 an acre, the sale
of land adjoining Rushville for \$455
an acre and of a farm of ten acres
near Rushville for \$800 an acre are
only a few of the things that are
stiffening land values and bringing
wavering farmers around to a place
where they are beginning to take a
brighter view of the future.

A portion of the old Theodore
Abercrombie farm, amounting to 25
and a fraction acres, lying between
Main street and Hodges Branch, has
been purchased by A. L. Stewart for
\$455 an acre. The Abercrombie farm
was sold at auction last fall for \$225
an acre and a little later the city
paid \$300 an acre for part of it as a
park site. The 100 percent increase
in the sale price since last fall clearly
reveals the rapid trend of rising
values in the county at the present
time.

Harry Clifford has sold a tract of
ten acres near the city for \$8,000,
the purchaser being Charles H. Hol-
lansbee, who lived on the old Gartin
farm, formerly the Walker Stock

farm. This farm is appraised for
taxation at \$4,700. The Mark Laugh-
lin farm of 62 acres in Washington
township has been disposed of with-
in the last few days for \$150 an acre.
The evidence is accumulating that
the attitude is changing and that
farmers are going to think twice be-
fore they sell their land for twenty-
five to fifty percent less than what it
is really worth.

Lately a man who has bought two
farms in Rush County within the
past few months, visited in Illinois
and found that land not the equal of
Rush county land was selling for
\$250 an acre. He promptly came here
and left an order with a local real es-
tate dealer to buy another farm for
him. He was able to appreciate the
cheapness of Rush county land after
having compared local values with
those elsewhere.

The trend is upwards and it is up
to every loyal resident of Rush coun-
ty to see that it continues that way.

Discretion in Government

A college professor of political sci-
ence and history says that the Tea-
pot Dome Scandal is the product of a
"Discretionary form of govern-
ment."

He reasons that the demands have
been so great on our federal admin-
istrative officers that important func-
tions of the government have been
delegated to appointive heads of de-
partments and more or less detached
commissions authorized by law—cre-
ating a form of discretionary govern-
ment.

Whatever may be blamed for the
present scandal, it is deplorable and
a remedy for the cause underlying it
will have to be found.

We have before us every day in
the dispatches from Washington am-
ple evidence that discretion is a lost
art in Washington, at least among
those who have been involved in the
oil scandal revelations.

If this is the natural consequence
of "discretionary government", it is
time that methods be changed at
Washington.

It is true that in the earlier history
of the republic, the important func-
tions of government were much more
constantly under the guidance of the
president and congress. The pressure
of government business rapidly be-
came so great, with the development
of the country, that it is now im-
possible for the chief executive to
give the same careful attention to
the details of his administration.

Apparently the government has
lagged in its duty. It has not created
machinery necessary to check up on
the acts of this vast number of bur-
eaus and commissions to which have
been delegated authority formerly
vested in elected officials.

The time is probably not far away
when our governmental machinery
will be drastically overhauled and re-
organized. The sad part about it is
that we seem to have waited too long.

ARE IMPROVING

Mr. and Mrs. Blaine Reeve who
have been ill with the influenza at
their home southeast of the city, are
improving.

The Plum Creek Ladies Aid Soci-
ety will hold a market at Wiltse
5 and 10th store Saturday morning,
March 8th from 8:30 till 11:30.

The Hodge-Podge

By a Paragrapher with a Soul

France doesn't want to be reminded
of her indebtedness. Dodging debtors
doubtless don't.

Men who want to live long in the
company of their friends ought to give
something of their substance to their
home community before they die, and
make certain that the community gets
the benefit of it.

The mayor of Chicago says he
doesn't know how much a chorus girl
ought to wear, but we are all con-
vinced, after going to the theatre, that
she doesn't wear enough.

Not having much in the way of in-
vestigations just now, the senate is
proposing to investigate the origin of
the war.

The senate oil naval lease investi-
gation committee is making Benedict
Arnold look like a piker.

We never quite understood what tele-
graphic codes were for, but we are now
convinced that they are something you
can loan to your friends.

People who are all wrapped up in
themselves generally make a very
small package.

We are mighty glad we stuck to
the newspaper business when everyone
else was going in for oil.

ORANGE

The Alquina high school will come
to Orange with their play "And Home
Came Ted," Thursday evening of this
week. The local Junior Hi will serve a
peppy supper at six o'clock.

Mr. and Mrs. Lawrence Cory motored
to Colfax Friday and spent
the week-end with relatives.

Miss Margaret Hite was the guest
of her parents, Mr. and Mrs. M. B.
Hite at Clarksburg over the week-
end.

P. L. Coltrane, Mrs. Nellie Davis
and daughter Mildred attended the
basketball tournament in Rushville Sat-
urday.

Miss Ruth Medd spent Saturday
and Sunday with Miss Katherine
Newby in Rush county.

Mr. and Mrs. Ozro Stevens, assist-
ed by their son Lovell, entertained
several relatives at dinner Sunday.
Their guests were Mr. and Mrs. John
Mapes, Mrs. Florence Bean and Miss
Tressie Bean of Glenwood, Mr. and
Mrs. Jasper Coon and Miss Freda
Coon.

Mr. and Mrs. Carey Clifford and
family were dinner guests of Mr.
and Mrs. Emmerick Clifford Sunday.

The next meeting of the Farm
Bureau and picture show is scheduled
for Friday evening, March 14.

At the close of an inspiring sermon
by Dr. J. M. Walker Sunday after-
noon at the Methodist church, a short
session of the quarterly conference
was held. During the church service,
Miss Nellie Henry sang a solo, with
Miss Frances Medd as pianist.

C. W. Beaver has purchased a new
tractor.

Mrs. John Stone, who has been ill
during the winter, is much improved.
Mr. and Mrs. Silas Bowen moved
here from the country last week.

Mr. and Mrs. Gus Bowen were
guests of Mr. and Mrs. A. B. George
and son Herbert for dinner, Sunday.

Morris Young, who had his tonsils
removed at Dr. Green's hospital
in Rushville last Thursday, is recov-
ering satisfactorily. Mr. Young has
been suffering with articular rheuma-
tism.

Irvin Long underwent an operation
at the Sexton hospital in Rushville
Monday morning, having the thumb
on his left hand amputated. Mr. Long
suffered with a felon on his thumb
more than a year ago, which never
yielded to treatment and developed
into what Dr. Sexton pronounced a
nerve tumor.

Jesse McCanley has rented the
trout farm of Will Jones in Noble
township and is moving his family
there this week.

The Rev. and Mrs. W. H. Law and
children were entertained by friends
at Fairview Sunday.

Mr. and Mrs. Edward May of
Bloomington spent Sunday with
Mr. and Mrs. A. R. May and family.

Mrs. Kaler of near Andersonville
has rented the Henry property and
will move into Orange soon.

FIFTEEN YEARS

AGO TODAY

From The Daily Republican
Friday, March 5, 1909

Milroy has caught the spirit of
doing things and doing them right.
Along with a new Methodist church
they propose to build this spring,
they will provide a gymnasium and
reading room for the young and older
men of that community.

Simultaneously with the reduction
of the price of eggs comes the reduc-
tion of the price of milk. The milkmen
of the city have agreed to sell it at
seven cents per quart. This is done
on account of the abundance of milk
at this season of the year.

The Shelbyville bowling team won
two out of three games from the
Rushville five last night on the Shel-
byville alleys by close scores.

Dr. William Boyard, president of
Moore's Hill college, will address the
Men's Big Meeting at the First Pres-
byterian church Sunday afternoon at
2:30 o'clock on the subject, "The
Dome of Failure."

The following are ruling prices in
Rushville market, March 5, 1909:
wheat \$1.18; corn 60; oats 45; clover
seed \$4.50; chickens 9 cents, hens 11
cents; eggs per dozen 16 cents; but-
ter, country, per pound, 20 cents;
cattle \$3.50 to \$6.75; hogs, \$4.00 to
\$6.90.

A marriage license was issued yes-
terday evening to Miss Martha Mor-
gan and Charley C. Brown.

Miss Clarine Rogers of Cincinnati
came yesterday evening for a visit
with Mr. and Mrs. B. F. Miller in
North Morgan street.

Earl Churchill saw "The Girl Be-
hind the Counter" at the English the-
atre in Indianapolis last night.

Miss Marie Scott of Dayton will
come tomorrow for a short visit with
Mrs. Mary Bohannon and family in
North Morgan street.

Carthage Citizen: Messrs. Drury
Holt, Van Hood, Howard E. Henley
and J. G. Rawls who went to Shirley
Thursday night to play a series of
chequer games with Messrs. Durham,
Hudson, Judge and Johnson of that
place, came home smiling, having won
41 to 24.

Frank Bender and Stewart Beale
are preparing for a week's duck hunt
in the Kankakee swamp.

J. P. Stech is still confined to his
home in North Jackson street with
an attack of appendicitis.

NO TROUBLE WHEN BABY CAME

Mrs. Crossan Gives Credit to Lydia
E. Pinkham's Vegetable Compound

Mrs. Dakan Also Tells What This
Medicine Does

St. Joseph, Missouri.—"I heard so
much about Lydia E. Pinkham's Vege-
table Compound that I decided to
try it as I had had such a hard time
with my first child. I took nine bot-
tles of Lydia E. Pinkham's Vege-
table Compound and I never felt better
in my life than the day my baby girl
was born. I will be glad to tell what it
will do, to any woman who will let
me know her address."—Mrs. ROSA
DAKAN, 2227 S. 11th St., St. Joseph,
Missouri.

Back To Normal Health

New Orleans, Louisiana.—"I took
Lydia E. Pinkham's Vegetable Com-
pound while I was carrying my child
and I must praise it highly because I
never could one day during that time
and had a very easy confinement. I
am still taking the Vegetable Com-
pound because I have a weakness due
to working around the house too soon
after my baby was born. But thanks
again to the Vegetable Compound I
am getting back to normal health
once more. I advise any woman to
take it."—Mrs. A. MEYER, JR., 2019
Touro St., New Orleans, Louisiana.

Not A Bit of Trouble

Wilmington, Delaware.—"I was
nervous and weak and not at all reg-
ular. I worked in a factory at the
time and could not work very much.

I was sick over a year, then a friend
told me about Lydia E. Pinkham's
Vegetable Compound and I started to
pick up as soon as I began taking it.
Then I took it again before my first
baby was born and I never had a bit
of trouble. I recommend it highly."
—Mrs. JANE CROSSAN, 612 Pine St.,
Wilmington, Delaware.

Lydia E. Pinkham's Vegetable
Compound has helped many other
women just as it has helped Mrs.
Dakan, Mrs. Meyer and Mrs. Crossan.

Consider the statements of these
women. They give you the benefit
of their actual experience with the
Vegetable Compound.

A nation-wide canvass of women
purchasers of the Vegetable Com-
pound reports that 98 out of every 100
have been benefited by its use.

This is a remarkable record and
proves the dependability of the medi-
cine for the relief of the troubles
women often have.

For weak and run-down conditions
so common after child-birth it is well
adapted. It strengthens and tones
up the system and restores normal
health.

The Vegetable Compound contains
no harmful drugs or narcotics and
can be taken in safety by the nursing
mother. For sale by druggists
everywhere.

GIRLS TEAMS WILL
MEET HERE SATURDAY

Center	00.00
New Salem	00.00
Albion	00.00
Total	\$267.51
Sixth Balance	\$900.00

Respectfully Submitted,
Eugene B. Butler, Principal,
Rushville High School.

Rushville fans will watch with interest the outcome of the Richmond Regional, where four teams will survive the final games on Saturday night. Richmond drew a bye and will have to meet only one team in order to go to the state finals. Muncie and Shelbyville are due to clash, thus eliminating one of the fast teams from the race. Anderson will probably not have much opposition with Stoney Creek. Connersville may have easy sailing with Versailles, but little is known about the strength of the Clayton team, which will probably be their next opponent. Connersville should win, and be represented at the state finals.

HAGGARD, PALE

Texas Lady Suffered from Womanly Weakness, Pains and Aches; Says She Took Cardui and Got Well.

Dayton, Texas.—Mrs. E. H. Weidel, of this city, writes that she has, for a long time, known of the value of Cardui from personal experience. "I don't know where I would be had it not been for Cardui, for it made a new woman out of me," says Mrs. Weidel. "I was haggard, pale—worn to a frazzle all the time. My health was wretched. I had womanly weakness, painful . . . pains and aches. "I heard of Cardui, and decided to use it. Cardui built me up. I grew well—like another woman—hence the praise I give it. Cardui is the best medicine I ever saw in my life."

Cardui, which this lady found so helpful, is a purely vegetable, medicinal tonic. For more than forty years, Cardui has been taken by thousands and thousands of women, everywhere, and praised by them for the beneficial results obtained from its use. If you are a woman, and suffer as many women do—

Take Cardui!

NC-149a

"BUCK" A GOOD LOSER

E. G. Armbuckle, better known as "Back", popular I. & C. conductor, is a real basketball fan and a good loser. "Back" lives in Rushville and naturally is strong for the Lions. With them Lions eliminated, however, and Connersville again on top and raring to go at Richmond "Back's" for us and he'll be there to help in the rout! To prove that he is a good sport he treated everyone on his car Sunday afternoon to the apples. Much obliged "Back" and better luck for the Lions next time.

—Side Lights, Connersville

And His Team Had the Kick

Couch Headlee, of the Manilla high school team, which downed Rushville in the district tournament, 16 to 15; formerly was a star performer on a Rushville high school team.

—Richmond Palladium

KOKOMO OFFERS US SYMPATHY

We feel pretty sorry for Jeff. of Lafayette, Rushville, Newcastle, Bloomington, Technical, and Peru, which teams got knocked off in the sectional tourneys. The Jeff, Rushville, Technical and Peru losses were heralded as upsets. It's pretty tough, gaud, and in the past three years we've learned how to sympathize with you. But there's always another season coming, and you may do better. It must be true, because that's what they all felt us last year, and they were right.

—Kokomo Tribune

"We want a sectional and a regional here next year," says the Connersville News-Examiner. "Now is the time to start the movement to get 'em'."

Those words bring out once more the most urgent need in Rushville for a bigger and better gymnasium. There is one thing certain, something must be done this summer, or else the Lions den will take a back seat, and the schedule of games will have to be made up of weaker teams. Eight years ago the local gym was envied by all, because it was one of the nicest in this part. It has outgrown its usefulness, and today is not big enough. Let's get busy at once and organize a plan to put Rushville on the map, and make all of 'em envious of us again.

DESERVES CREDIT

Couch Royalty of Milroy deserves a lotta credit. Prospects were far from good at the start of the season, but he developed a winner and a real one, taking the best in the sectional and being runner-up. Milroy has a sweet team and they put up a hard fight for the honors. We're for you Milroy.

—Connersville News

Shelbyville is not taking any chances on Arcadia turning out to be a Mooreland. Although they do not expect much trouble, the papers down that way are trying to tell the team to play 'em hard. Thru the hoop says this:

But don't forget Arcadia. They were watched in the Noblesville sectional and reports have it that they have a real ball team. Plenty of defense and not on long shots. Not quite the kind of game to beat the Camels, but let's watch 'em.

FIGHTS AND FIGHTERS

New York—Benny Valger, New York lightweight, won a 10 round decision from Bud Christiano, Buffalo. Babe Herman, California featherweight, won a 10 round decision from Tommy Noble, England.

New York—Returned to his hotel quarters from the Poly Clinic Hospital, Jack Dempsey will remain for several days under the attention of his doctor. He has practically recovered from the operation.

Albany, N. Y.—Investigation by a legislative committee into the boxing situation is considered unlikely in New York now. It is thought by political leaders here that the various bills calling for investigation, repeals and remedies will die in committee.

GIRL'S TOURNNEY TO BE HELD HERE SATURDAY

Basketball Games Will Be Played at Modern Appliance Building Instead of Graham Annex

NUMBER IS INDEFINITE

The high school girls basketball tourney will be held in Rushville Saturday, it was stated today, and the games will be played at the Modern Appliance gym instead of the Graham Annex. The exact number of teams entering the tourney, was not known today, excepting that two from Fayette county, Orange and Fairview, and the Jackson township school from Decatur county, will be the three outside teams.

The drawing for positions will be made Saturday morning at 8:30, and the first game will be played at 9 o'clock. There will be three sessions, morning and afternoon, with the first afternoon session early, and the final game at five o'clock in the afternoon.

It was also stated today that the danger of smallpox had passed, and that the New Salem schools were ready to open Monday morning. The school officials who are behind the project are expecting a good crowd.

TRAINING CAMP TABS

Sarasota, Fla.—Brilliant form being shown at the Giant training camp here by Jack Bentley leads to the belief that he may be the leading pitcher of the league this season. The players have all advanced so that a scrub game is being played daily.

New Orleans.—Attention to the rookies is commanding the time of Manager Haggins at the Yankee training camp. The regulars are not due to arrive until Saturday. Earle Cuyler, the high priced Kentucky outfielder, has not been heard from.

Clearwater, Fla.—Joe Klugman, former Des Moines infielder, was the first casualty at the Brooklyn training camp. He got a bad gash over his eye when a ball took a bad bound and struck him. He will be out of the game for several days.

Leesburg, Fla.—The Phillies are lightening their day's work. Pitchers and receivers are getting into shape for the influx of infielders and outfielders which begins today.

Catalina Islands, Calif.—Search for a competent right fielder for the Cubs is the task on which Pilot Bill Killifer is concentrating as Spring training here becomes more intense.

Winter Haven, Fla.—Unless much of the new material recruited for the 1924 season shows up better than in the first two days of spring training, the White Sox will open with same infield as last year, early work-outs indicated.

M'Graw Has 20 Young Pitchers

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 5.—Success of the New York Giants in the 1924 National League pennant race depends for the most part on the results that John McGraw gets from his new pitchers.

Although he seems to take the Cincinnati Reds less seriously as a rival than the majority of the experts, McGraw's industry during the off-season in picking up twenty new pitchers would indicate his belief that the Giants would not be bothered with a better pitching staff.

McGraw has gone most thoroughly into the job of building up a pitching staff that for two years might have impaired the mentality of a less sturdy manager.

He has twenty recruits that must have cost a total of at least \$100,000 and he has hired extra coaches to assist him in looking over the prospects of his Sarasota training camp. If McGraw gets only two winners out of the lot, his expenditure of money and time will bear plenty of interest for him.

The Giant leader's diligence in seeking general improvement of the club was displayed when he signed Armando Marsans, former National

Montgomery, Ala.—The Athletics have begun formal practice and today the pitchers will place the horsehide across the plate for the benefit of the batters. Mack is preparing a long list of pitchers and it is likely that 10 or 12 of them will be on the 1924 payroll.

Paso Robles, Calif.—Carson Bigbee, who has been suffering from a sore throat, will report to the Pirates here today or tomorrow for the spring training siege. Yarnigans and regulars will play a practice game today.

Hot Springs, Ark.—Tris Speaker expects to have a strong Indiana pitching staff this season. He has these regulars: Uhle, Covelkie, Smith, Edwards, Shaute, Metevier, Marton and Bedgood.

Orlando, Fla.—Ivy Wingo, catcher, put five balls over the long left field fence here yesterday during batting practice. Pat Moran, manager, still is ill here and may not be here by Monday.

Mobile, Ala.—McManus and Gerber were the only missing members of the St. Louis Browns in their first regular long practice today.

League outfielder, to act as a professor of base running and it did not support the statements which McGraw had made to get over the idea that his club was in no great danger of losing the pennant.

In the apparent desire to add to the speed of the club, McGraw seems to be planning the revival of base running tactics of offense, a department of the game which had almost ceased to function when the lively ball brought out heavy hitting as one of the most important assets of a successful ball club.

Fast and skillful base running will stretch a lot of singles and doubles and combined with heavy hitting it will give just such an attack as a club would need that has no great defensive strength in its pitching.

Charley Ledoux, the veteran French fighter, pulled a most convincing retaliation recently when he stepped out and showed up the mistake that a couple of judges had made against him.

Ledoux lost the bantamweight championship on a decision that caused a squawk in Paris that would have done justice to the Bronx zoo band.

Ledoux didn't say much, but he did plenty. He merely went ahead about his business and won the featherweight championship of Europe.

Manager Sisler is concentrating on an effort to fill third base, a weak point last year, properly.

Bradentown, Fla.—Jim Bottomley has left his home in Nokomis, Ill., to join the St. Louis Cardinals here, he, wired Manager Riekey. The Cards will play the Milwaukee Brewers, who train just across the Manatee river, March 14.

Augusta, Ga.—The Detroit Tigers, whom Manager Ty Cobb has run ragged for the past few days, were given a breathing spell by Fred Carisch, in charge in Cobb's absence. Carisch worked the players only two hours and a half instead of the usual four.

The Advance Literary Club will be entertained Friday afternoon at the home of Mrs. Joe Amos in North Main street. A splendid program has been prepared for this meeting.

Mrs. Homer Powell will be hostess to the members of the Tarry-A-While club Friday afternoon at her home in North Morgan street. All the members are cordially invited to attend.

The Ladies Aid Society of the First Baptist church will meet Thursday afternoon in the church and the ladies are requested to be present as important business will come up before the meeting.

The Woman's Foreign Missionary Society of the St. Paul's M. E. church will meet in the parlors of the church Thursday afternoon at 2:30 o'clock. This is the thank offering meeting and a good attendance of the membership is urged at this meeting.

The W. R. C. Penny Social will hold their regular meeting Thursday afternoon at the home of Mrs. Gates Ketchum, instead of the G. A. R. room in the court house. A pitch-in lunch will be served at the meeting. All the members are requested to bring their own dishes and also to bring their quilt blocks.

Dances will be given on Friday and Saturday evening in the I. O. O. F. hall at Richmond, Ind., for basketball tournament visitors. The dances are given by the Chi Chapter, Phi Delta Kappa fraternity, and music will be furnished by Jess Halberstadt orchestra. The hall is located at the corner of Eighth and Main streets.

Mrs. Chase Maury entertained the members of her card club and two extra tables of guests, Tuesday afternoon.

A Changing World

"We are living in a changing world I never thought I would ever be cured of my stomach trouble. Medical science seemed unable to help me. But thank God we are progressing and now May's Wonderful Remedy has delivered me from all stomach symptoms. I am again able to eat anything. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere."

—Advertisement—

noon at her home in North Main street. Bridge was played during the afternoon and at the close of the card games refreshments were served. Among the guests was Mrs. H. S. Davis of Knightstown, Mrs. Maury's sister.

The Ladies Aid Society of the St. Paul's M. E. church held their regular meeting Tuesday afternoon in the basement of the church. During the business session several matters of importance were discussed and this period was followed by a musical program. The hostesses for the afternoon were Mrs. William Mahno, Mrs. Lincoln Griffin and Mrs. Virgil Maffett.

Mrs. Charles Brooks, delightfully entertained the members of the Missionary Society of the Christian church of Glenwood Tuesday afternoon at her home near Glenwood. A splendid program was given, Mrs. Marshall Hinchman, Jr., being the leader of the meeting. An informal social hour was enjoyed following the rendering of the program and refreshments were served by the hostesses.

The Parent-Teacher's club of the Webb school will hold their regular monthly meeting Monday, March 10, at the school building, in connection with the Rushville Township Farmers' meeting. A pitch-in supper will be served at 6:30 p. m. Everyone is asked to bring a well filled basket and silverware. An interesting program is being prepared which will consist of a minstrel show and speeches. Everyone is cordially invited.

The following clipping from the Connersville News-Examiner gives an account of a wedding, which will be of interest to several people in this county:

The marriage of Miss Edith Richardson, daughter of Mr. and Mrs. John F. Richardson of this city to Carl Eitel of Dayton, Ohio son of George F. Eitel of near Rushville was quietly solemnized at 6 o'clock Saturday evening, March 1, at the parsonage of the First Methodist church, the Rev. J. W. McFall officiating. The single ring ceremony was used in the service. The bride couple was unattended. The bride wore a becoming grey crepe gown with a blue and grey hat. Mr. and Mrs. Eitel will make their home in Dayton.

CHICHESTER'S PILLS
This is the only medicine that cures all the ailments of the stomach, liver and intestines. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

CITY NOT TO GIVE UP BRANCH FIGHT

Continued from Page One
ville Furniture company had made application for a 75 horse power motor, which will make it necessary for additional lines to be run to the load, and the council authorized him to make the necessary improvement to supply the factory with electricity. The approximate cost will be \$1,200 but is an investment, as the city receives considerable each month from the revenue of such a line.

The council also made it plain that they intended to stand by the ordinance issued to the owners of the Odd Fellows building, regarding the clearing of the sidewalk and protecting it for pedestrians. The council in their order makes it compulsory that the owners build a shed or walk-away around the building in order to make it passable, and without making it necessary for people to walk on the other side of the street while the building is being rebuilt.

A representative of a firm appeared before the council and wanted to be employed as a chemical engineer for the Morgan street paving job, in which asphalt is to be used. It is his purpose to be in hand with a field laboratory and make all necessary chemical tests of the materials that go into the street. No action was taken, and he was to be advised later.

Two ordinances were passed in which the board of public works and the board of safety were abolished and the duties of these two boards empowered in the members of the city council. A previous ordinance of this kind was passed in 1920, but on account of an act of 1923, it was necessary to pass another ordinance which the council had failed to do until last night. On this ground it was believed that the Hodges Branch drain was thrown out of court before and now the new effort will be made to put it through.

Last night was the time for receiving bids on the construction of sidewalks, curbs and gutters in North Sexton street and no bidders appeared. The matter was deferred until a later date, when another attempt will be made.

Three firms submitted bids last night on road oil, in quantities of 40,000 gallons, more or less, and the final award will be made at the next meeting. The council is preparing to oil the streets early this year, and received the bids sooner than usual.

Harry B. Armstrong and others, residing in Fourth street between Main and Perkins, petitioned the council for sidewalk and curb improvements, and the matter was left in the hands of the street committee to investigate.

Plans for cleaning out the sewer system were discussed, and the matter will be taken up later, in which the entire sewer will be gone over and inspected, as it has never been cleaned since installed 17 years ago.

NEW SCANDAL IS HINTED IN ACTION

Continued from Page One
talked with John W. Crim, special assistant Attorney General who prosecute the Veterans' Bureau cases at Chicago.

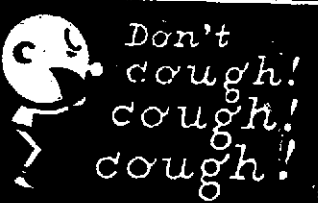

Gaston B. Means, former department secret agent and a soldier of fortune with a romantic record, is reported to have been in consultation with the committee.

Search for an experienced investigator to aid the committee, is being pushed. William J. Flynn, former director of the bureau of investigation of the department, is said to be under consideration.

TO GIVE PLAY AT ORANGE

A penny supper will be given at the Orange school building Thursday evening between 6 and 7:30 o'clock. Following the serving of the supper the Alquina school will give a play entitled "And Home Came Ted."

KEMP'S BALSAM

ADDITION FOR HOMES ANNOUNCED

Continued from Page One
platted the addition to conform with all regularities, a sewer system will be established to take care of every lot.

Among the first things to be done will be to have the new territory annexed to the city. Mr. Stewart said, and in this way the north corporation line will be extended to 16th street, including a vast amount of new territory lying west of North Main street. A building code will be included in the annexation, in which houses must be built that will measure up to the requirements, and a conformity made in erecting houses, so that all will be equal distance from the side walk, and no house can be set out in front of a neighboring house.

Plans for the opening of the new addition will go forward rapidly, Mr. Stewart said, and details concerning the sale of lots will be announced later.

With sewer installation, and the territory being annexed, it will quickly be an inducement for the building of fine homes. With the further addition of the boulevard by the city, it will serve as an extra inducement for people to live in that part of the city. According to the plans, a concrete bridge with pedestal lights, will be erected at Twelfth street over the branch, which will lead almost directly to the central part of the park.

The city also expects to have the boulevard extensively lighted, and as fast as homes are built in the new addition, the street lighting system and water works will be extended.

The purchase of the Memorial park land by the city, which included the valuable block at Eleventh and Harrison streets, was made possible by a bond issue for \$25,000 last fall, and out of this amount, the city has enough money left with which to complete their plans of building the driveway, and making other minor improvements.

Outside of This, There's Not Much The Matter With Rushville

Continued from Page One
parts of the equipment should be carried out.

Elimination of four inch water mains, of which there are miles in Rushville, and the increasing of these mains to at least 6 inch size, with 6 inch size the smallest to be used. Fire hydrants are too small there should be two outlets for hose connections, and one large outlet for pump service.

Each fire company should have six men on duty at all times. These men should be governed by suitable rules and regulations, and properly conducted in ranking and as officers. Any act of misconduct should be cause for trial and suspension. Firemen should have frequent drills and schools of learning. They should be taught life saving means, and manner or salvaging property.

The city should adopt an ordinance regulating fire protection, and establish a building code. The national electric wiring code should be enforced, and a wire and electrical inspector named.

The fire alarm system is not sufficient. It is in need of repairs. There is not a sufficient number of fire alarm boxes, and there should be 6 or 8 more added. Property in the high value district should not be more than 500 feet from a box; in the residential district, no house should be further than 800 feet from a box, excepting property that is only 1/5 built with houses.

The indicator that registers fire alarms is obsolete and is not used in cities of the third class rating. A punch register system would be necessary, in which alarms are handled more quickly and more accurately.

Several other items were pointed out. When asked about the rate reduction, it was said that before a reduction could be made the city would have to be given a new classification, and that expert work is required along that line, and that approximately \$12,000 would be required for the work. If the classification were changed, and no definite promise made, even by following all the necessary suggestions, the city could not lower the rate more than 6 to 10 per cent.

The council then decided that the best way out of the thing was to buy what they thought was needed to put out fires, and let the rate take care of itself.

ON THE TRAIL OF "THE PRINCIPLE"

Continued from Page One
ed envelopes containing records of messages handled by their Palm Beach offices.

The messages cover a period from December 1 to February 29, during which time McLean, his agents, and Fajl, Walsh and C. Bascom Slem, secretary to President Coolidge, were in Palm Beach.
